Stirling Volunteer Fire Department At Your Service 24 Hours A Day

(By Stephen Patrick)

Whenever the fire siren sounds in Stirling, no matter what the time of day or night, there is a group of male citizens that flock quickly to the fire hall on Mill Street. They are the Stirling Volunteer Fire Department, and as firemen, their first duty on hearing the siren is to get their equipment, get it to the scene of the blaze and use it to protect life and property by battling the flames.

Although there is no provincial law stating that a town, city, or village need have a fire department, and the decision lies with the municipal council concerned, it has been found very fortunate an idea to maintain a brigade of firefighters.

Before the innovation of trained firefighters in Stirling, two serious fires and many small fires occurred. On June 14, 1883, and again on August 9, 1908, fire threatened to wipe out the town. It was because of the second fire that the regular Fire Brigade was organized.

The first fire pump was operated by hand, and supported by a "bucket brigade". In 1908, the first steam fire engine was bought by the village. Large cisterns each holding 10,000 gallons, were constructed at various points throughout Stirling for the use of the steam engine.

In 1931, a Rugby fire truck was purchased for \$1100. This in turn caused fire hydrants to be installed in 1932, a great change from the cisterns.

In 1958, a brand new American Marsh Pump truck with a Ford Chassis was made a new member of the fire department. This vehicle cost \$14,000, and was shown to the populace of Stirling in the Centennial Parade of 1958. They have seen it in action many times since.

The fire hall itself was purchased by the village from William Graham during the winter of 1908-09. It had been a foundry, now it became a fire hall and a hydro sub-station. Throughout the history of the Stirling fire department, the hall has been heated in turn by wood, coal, and now, an oil furnace.

A facelifting of the fire hall in 1958 made room for the new, larger truck and also provided an instruction room on the second floor.

Instead of using coal lanterns and skis like the department of 1909, the present department has completely modern equipment like an oxygen resuscitator and a portable generator. The trucks, hall, and equipment are maintained to a high standard by the fire chief and his men.

Since the organization of the first fire brigade in 1909, a volunteer group of firefighters has always been ready to defend the village. Under the leadership of Chiefs McKee, Alger, Lagrow, Williams, McIntosh, Fox and now Chief Mouck, the men of the Volunteer Fire Department have always been ready. Even in the records, which date back to the original 1909 brigade, show a preparedness that is remarkable.

There are a number of differences between volunteer firefighters and professional firefighters, but training is not one of the big ones. Present firefighters Doug Robson, Ron Woodcock and George Rhynsbarger have attended fire college at Gravenhurst and firefighters Art McConnell and Claude Trumble have each spent a week at regional fire schools. The big difference between the volunteers and the professionals is that the volunteers are giving their own time to go out and protect the lives and property of their friends and fellow citizens.

The Stirling Volunteer Fire Department is also a member of Hastings - Prince Edward Counties Mutual Aid Program, along with departments from Picton, Bloomfield and Wellington in Prince Edward, and Belleville, Deseronto, Marmora, Madoc, Rawdon, Tweed, Bancroft, Batavia, Trenton, Sidney, Frankford and Point Anne. These municipalities are all prepared to assist each other in the fighting of fire. Stirling is one of five of the departments that has radio communication with other members of Mutual Aid notably Belleville, whose firechief, Lea Cullane is the co-ordinator of the Mutual Aid Organization.

When a Stirling citizen notices a fire in the village, he is to report it

89th Birthday

Congratulations are extended to Mr. George Weaver, Hastings Manor and formerly of Mount Pleasant, who observed his 89th birthday anniversary, on Sunday, September 28, 1969.

Funeral of Mrs. Roscoe Wright

The funeral of Mrs. Roscoe Wright, the former Theda Louise McCabe, was held at the Hogle Funeral Home, Stirling, with Rev. J. M. Caswell, of St. John's Anglican Church, officiating.

Interment was in the Stirling Cemetery. The bearers were: John Courtney, Bryson Reid, Lindsay Tanner, Harry Jones, Everett Cooke and George Noble.

Mrs. Jean Potter Honoured

On Tuesday, September 16th, Mrs. Jean Potter, who recently moved to Frankford, was entertained at a party in her honour at the home of Mrs. R. B. Murray, with Mrs. Olive Whitehead and Mrs. Wm. Prest as co-hostesses.

Jean was presented with an heirloom bedspread, linen tablecloth and several other gifts, along with the best wishes of her many friends.

TURNED UP AND TURNED OUT

Yup — You guessed it! Ern Munro was at it again, handing out flowers to the ladies last Thursday at Senior Citizens. How's fishin', Ern? Caught anything yet? If not, why don't you change the bait to choccies? They're sure to bite on them!

Past Pres. George got in quite a dither playing hide and seek with a birthday cake he brought along for Lil who celebrated a birthday last week. As soon as he got Lil in one spot long enough the cake turned up and turned out to be a dandy.

Lunch was provided by Lil Heasman and Pres. Fred. (Thanks Lil and Sally). We enjoyed it very much. Oh, yes, you too, Fred. The cheese was good. Sally didn't make that.

Next week, we hold our annual meeting. The Pres. would appreciate a good turnout of members. Let's all blow the Pres. up and maybe he'll accept the job for a second year. For his ole Scribe's money, he's elected again. Now, don't crowd. We want a Vice Pres., too. Sorry we can't elect you all, but cheer up. It could be you.

Three Fairies walked into a tavern and lined up at the bar.

"What will you have?" asked the bartender.

1st Fairy — "A Seven Up".

2nd Fairy — "I'll have a Coke."

3rd Fairy — "Give me a glass of milk. I'm driving."

Dis Ole Scribe

by phoning Zenith 66660 to get the Belleville Fire Department. The report is taken there and the Stirling siren is set off electronically in Belleville. The Stirling fire department rushes to the hall on Mill Street, and radio contact is made direct to Belleville, the fire location is given, and the siren silenced. This is quite a change from the old days when the first man to ring the alarm bell got \$1. for his quick work. Today, the firetruck and a full crew of firemen can be well on their way to the fire four minutes after the alarm siren begins.

The firemen seem to enjoy their work because of the exciting challenge it presents. In the words of Fire Chief Graham Mouck, "You don't have any idea of what sort of size of fire you're going to."

And although Stirling has been lucky enough to have had no large serious fires in the village for many years, Chief Mouck and Deputy Chief Ron Woodcock drill their men with a fire practice every third Thursday of the month, and test the siren every Thursday. But then, who knows how many fires extinguished by Stirling firefighters would have become large, serious fires if the alert and able men of the department hadn't been ready to do their duty.

Peaches Growing In Stirling

Walter Wright, of town, has a green thumb when it comes to growing flowers and shrubs. Shown are some of the delicious peaches growing on a peach tree he planted from a pit only three years ago in his garden.

The luscious fruit measured some ten inches in circumference. Mr. Wright says that each fall he cuts back the tree and wraps the tree in plastic to protect it from the severe freezing temperatures in this part of the province.

St. Paul's United Church Marked 116th Milestone On Sunday

Sunday, September 28th, marked the 116th anniversary of St. Paul's United Church, Stirling, and special services were held both morning and evening, with appropriate music by the choir, under the direction of Miss Heather Grant, with Mrs. Harry Brown as organist. During the morning service, Mrs. Robert Hough rendered two solos, "How Lovely Are Thy Dwellings" and "The Lord Is My Shepherd".

Large congregations were in attendance at both services. The church was artistically decorated for the occasion with floral arrangements banking the pulpit.

Rev. J. Bruce Small conducted the services and Dr. Lloyd Shorten, of Southminster United Church, Ottawa, was the special speaker. His sermons were very inspiring and thought-provoking and held the rapt attention of his audience.

At the morning service, Dr. Shorten chose as his text, "What Next? For The Church?"

Rev. Shorten, in his opening remarks, congratulated the congregation on the beautiful sanctuary at St. Paul's. He stated that church anniversary was a time to look back and give thanks to things in the past of work in the church and also a time to look ahead to things that should be done. Christianity will survive in the world today. The Church is not dead, but very much alive, noted the speaker.

The Church must move forward and do things in keeping with today's world and give way to persistence of progress and stimulation of new knowledge. A Christian must not only believe in the Church, but must act the part.

The speaker concluded his morning's address by saying that neither you nor I can change the march of time and issued a challenge to grow up into Christians of today.

Evening Service

For his evening service, Dr. Shorten took as his text, "Have You Got What It Takes?"

The senior choir rendered as an anthem, "Blessed Are They That Dwell In Thy House."

Winner of Draw

Winner of the recent draw at Stirling Motors Ltd., Showing New Cars was Mr. Stan Kleinstuber, Stirling. The draw was on a Polaroid camera.

Do You Remember?

— TWENTY-FIVE YEARS AGO —
ISSUE OCT. 5th, 1944

A business deal of interest was completed yesterday when N. E. Eggleston sold his grocery and butcher business and the building to Harold C. Bird, of Belleville. The new owner will take possession November 1st.

Stirling and district friends learned with regret on Saturday of the death of another Stirling boy, Pte. Stanley E. Dainard, serving with the armed forces in Italy.

Cpl. Lorne Kirkey arrived home from overseas this week, following three years' service.

Local and Personal

Mr. and Mrs. Wm. Shaw, Ivanhoe, were guests of Mr. and Mrs. Clayton Tammon, on Sunday.

AB Walter Rodgers, of the R.C.N.V.R., is spending a furlough with his parents, Mr. and Mrs. Louis Rodgers.

O.P.P. Identify Skeleton As Drowned Hunter

A skeleton found in Weslemkoon Lake three weeks ago has been satisfactorily identified as the remains of a hunter drowned in 1955.

Results of laboratory tests yesterday indicate the skeleton was that of Gerald Appleby, a Frankford area man, aged 35 years at the time of his disappearance during a storm on the big lake 40 miles north east of Madoc.

The tests, coupled with clothing found near the bones satisfactorily established identification, said OPP District Inspector R. L. Bender.

Appleby was crossing the lake with his father, Clayton, and a third man when their boat was swamped in a sudden storm.

Both Applebys drowned, the older man's body being found by searchers shortly after.

The skeleton was spotted Aug. 30 by an American tourist, skindiving in the area of the drowning.

Police searched the lake bed for

three days to recover the bones and pieces of clothing still intact.

Former Manor Matron Honoured At Testimonial

A testimonial dinner honoring Mrs. Muriel Yorke, former matron at the Hastings County Manor, concluded last week's one-day session of county council.

Council members and their wives along with department heads attended the dinner at the Sun Valley Motor Inn.

Chairman for the evening program was Warden Donald Rodgers. County Home committee chairman Earl Hawley, Clarke T. Rollins, Hastings M. P.P., and Elmer Sandercock, former MPP and one-time county home superintendent all paid tribute to Mrs. Yorke for her 20 years service to the county.

The one-day session of county council saw reports from the various committee chairmen.

Included were detailed reports of the social services committee, the family and children's services bridges committee.

The roads and bridge committee report by Tyendinaga Reeve Carman Gibson said that the current steel shortage was forcing a change of plans for the proposed Glen Miller bridge.

Funds covering the cost of the steel girders for the bridge were included in this year's budget but it had been learned that the girders cannot be fabricated this year so quotations will be obtained on pre-cast concrete girders.

It is expected that the concrete girders will be slightly less expensive than the steel girders, but will result in an increased height of the structure over the Trent Canal of one and a half feet.

The bridge will not be erected until 1970.

Rawdon Deputy-Reeve Ray Shortt voiced objection to the intention of the county to revert a county road in his township back to the municipality and in turn assume responsibility for a township road.

But he was reminded that the reversion was recommended as a result of a roads needs study and had been approved by the county. A record vote for the county to continue responsibility for the road to be reverted saw Mr. Shortt as the only objector.

Council approved of renovations costing an estimated \$3,000 at Hastings Manor to convert the apartment formerly occupied by the home superintendent for use of home residents. The expenditure is expected to be subsidized 70 per cent by the province.

Ecumenical History To Be Made

TORONTO — Ecumenical history will be made here this month when the Consultation on Church Union, a United States' organization of nine Protestant denominations, meets in Canada for the first time in a joint session with the Executive of the General Commission on Union of the Anglican and United Churches.

Meetings will be held at the King Edward Hotel October 7 and 8 with

15 members from each of the participating churches. The agenda will contain items of common interest to the two union movements, according to Rev. Robert B. Craig, Executive Commissioner for The United Church of Canada. "The Anglican and United Churches have been observer-consultants of COCU since the second meeting in 1962," Dr. Craig said.

The meetings at the King Edward will be chaired by Bishop James K. Mathews, Methodist Bishop of the Boston area and Prof. John Webster Grant, Chairman of the Executive Committee of the General Commission on Church Union.

The Careless Killers

Summer is over and the first crisp, cool evenings of approaching autumn are bringing sweaters and jackets out of closets from Maine to California. The football season is almost underway and the "hunters" are already counting days 'till the brief season begins. Guns are being taken down from racks, out of chests, up from the cellar and into the garage, workshop, or kitchen for inspection and cleaning. Guns are being admired and handled, broken apart, polished and repaired. Somewhere in this process several "hunters", members of their families and their friends will be killed or wounded, long before the season begins. Why? Carelessness!

More "Hunting accidents" occur in the home than do in the field, and every firearm accident involves an inexcusable bit of carelessness. Someone thought the gun was empty. Treat every gun as though it were loaded! Don't shoot it unless you are

sure of your target. In the U.S. Army a soldier must be able to take his rifle apart and put it back together literally blindfolded before he ever sees a round of am-

munition. You should be equally familiar with every gun you own — for your own safety. The Army is also a strong believer in keeping rifles under lock and key when not being used

in the field. You should follow this example — for your own safety. Carelessness is a killer — safety is a saviour. Have a safe and happy hunting season.

**Stirling Man Dies
Of Crash Injuries**

A Stirling electrical contractor died Wednesday, September 24th, 1969, in Belleville General Hospital — one week after his automobile crashed off Highway 14 in the Oak Hills.

Felke Oosting, 45, suffered critical head injuries Sept 17 when his car plowed into a highway signpost, causing \$2,000 damage.

A native of Holland who immigrated to Canada in 1957, he had lived in Stirling for the past 12 years where he operated the contracting firm of Oosting Electric.

He is immediately survived by his wife, the former Helena de Ruiter, a son Jan, and daughters Lubertha and Roelofje all at home.

Mr. Oosting also leaves a brother Elze, in Holland and six sisters — Mrs. Hiekke Koeman, Mrs. Bertha Koopmans, and Mrs. Roelie Kootje, all of Holland, Mrs. John (Afke) Klompaker, Stirling; Mrs. (Wiel-ske) Wiegner de Jong, Stirling; Mrs. Reni (Klaske) Scholten, Prince George, B.C.

He was a member of Marantha Christian Reformed Church, Belleville, Ont., where the funeral was held from the Thompson Funeral Chapel, Belleville, to the Marantha Christian Reformed Church, on Saturday afternoon, September 27, 1969.

Rev. Everett Gritter conducted the service in the Church and the committal rites at Belleville Cemetery.

The bearers were Jan and Eeltje Oosting, Meint and Jan de Jong, Harold Shannik and Robijn Feenstra.

WATERFOWL SERIES — "GREEN-WINGED TEAL"

The Green-Winged Teal is the bantam of the duck world as far as size goes but when it comes to speed in flight he is pretty hard to beat. Average length of this species is 14 inches.

Distribution of the Green-Wing is North America in general. It is a fairly hardy duck and will frequently linger in the Northern States late in the Fall and at times well into the winter.

Northern Manitoba and Saskatchewan are the major nesting grounds of this species and it seems to favour the alkaline ponds and poplar forest lakes.

The nest of the Green-Wing Teal is very difficult to locate, mainly be-

cause it is usually situated quite a distance from the water, often near the edge of a meadow or forest. When a nest is located one may expect to find 8 to 11 pale buff eggs.

Being a member of the puddle duck family, the teal merely stands on his head to pick food off the pond bottom.

An adult Green-Wing Teal is an extremely beautiful bird, the drake having a slight crest on the chestnut coloured head. Just behind the eye is a glossy green patch. Speculum is black and green. The female is without a crest and is generally brown above and whitish below. Speculum is the same.

In flight, a flock of teal can be identified by their characteristic way of twisting and moving in an erratic line of flight.

Public School.

"In this era of inflation, when many of the new county school boards are being accused of spending taxpayers' money recklessly, cost reductions are unusual," said Paul Fleming, chairman of the insurance committee.

"When such reductions amount to thousands of dollars, are about one-third the former cost and are accompanied with greater benefits, such information should be made known to the ratepayers and to the department of education," he continued.

The board's insurance requirements were tendered and the contract awarded to Dale and Company Ltd. for an annual premium of \$37,506.

The board had been paying premiums of \$55,903 a year. The savings this year in premium payments is \$18,397. In the three year period for which most of the policies are written, the savings will amount to about \$55,000.

Hastings Will Trumpet Assets

Hastings county is going to advertise its advantages as a location for new industry.

Marmora Reeve William Shannon, chairman of the council planning and industrial committee, told council last week that the firm of Harry Dummage Associates Ltd. had been hired to prepare and design an industrial brochure which would be mailed out to at least 2,000 industrialists across Canada, the United States and Europe.

Mr. Shannon said the statistical information for the brochure was now being obtained by the firm which is expected to visit every municipality.

The brochure will be brought up to date each year with the 2,000 copies to be mailed out annually. Much of the \$4,000 cost in future years would be for postage, it was stated.

Articles in the members' pamphlets were discussed.

Hydro Appeals To Farmers Scrap Homemade 'Fencers'

A six-year-old Hamilton area girl was electrocuted in mid July when she crawled under a fence on her father's farm. The child was chasing her kitten at the time of the tragedy.

Just a few days later a 1,600-pound bull was electrocuted when it contacted an electrified fence intended to keep it from entering a neighboring property.

In the wake of these accidents Ontario Hydro has appealed to farmers across the province to immediately remove electric fence controllers of the home-made or unapproved type.

Both the child and the bull were killed by contact with fences electrified by home-made electric fence controllers.

Investigation into the death of the child revealed the unapproved fence controller consisted of a line of cord, lampholder, step-up transformer (115 to 600 volts) and two wires to

connect the 600-volt secondary to a ground rod and the fence.

The arrangement permitted secondary output currents in the order of 30 milliamperes (thirty thousandths of an amp) at 600 volts — 15 milliamperes is sufficient to kill an adult male.

And the primary current interrupter permitted the device to remain "on" for three seconds.

Conditions under which the bull perished were similar.

The Canadian Standards Association safety standard on electric fence controllers limits the output current to a maximum of 25 milliamperes for an "on" period of one-tenth of a second maximum.

The "off" period must be nine-tenths of a second minimum to meet CSA standards. Failure of any internal component may not result in continuous current of more than five milliamperes on the fence.

And CSA-approved "fencers" are available — at considerably less cost than a home-made device.

For the home-made electric fence controller can cost a life.

Sharp -- Stapley Wedding

On August 16th, 1969, at twelve o'clock, the marriage of Beverly Anne Stapley and Kelvin Sharp was solemnized at St. Andrew's Presbyterian Church, in Campbellford. The bride is the daughter of Mr. and Mrs. W. C. Stapley, of Campbellford. The groom is the son of Mr. and Mrs. Malcolm Sharp, R.R. 3, Stirling.

Reverend W. C. McBride and assistant clergyman, Reverend Cox, conducted the ceremony. Miss Judy McAdam was soloist, accompanied by the organist, Mrs. Harry Brown. The church was adorned by two candelabra, a bouquet of pastel gladioli and bows on the pews.

Mr. W. C. Stapley gave his daughter in marriage. The bride was radiant in a floor-length, empire line gown of lace, with a scalloped sequin neckline and three-quarter length sleeves. The dress also featured a long lace scalloped train, and a four-tier veil with rosebud headpiece. The bride's bouquet was composed of white gladioli, stephanotis and green ivy.

The maid of honour was Miss Betty Stapley, and the bridesmaids were Miss Beth Fraser and Miss Debbie Hay. They wore floor-length empire line gowns of patterned floral chiffon over blue satin. Their headpieces were picture hats of the same material. The bridesmaids carried bouquets of white daisies.

The best man was Mr. Lorne McKeown. The ushers were Mr. John Hamilton and Mr. Gary Clark. The bride's mother wore a lilac dress and coat ensemble with lilac accessories, and a corsage of white carnations and mauve mums. The groom's mother wore a navy blue dress and coat ensemble with navy accessories and a corsage of red and white carnations.

Following a reception in the church parlours, Mr. and Mrs. Sharp left for a wedding trip to points south. Mrs. Sharp's going away outfit was an empire line dress of yellow chiffon, complemented by honey beige accessories, a yellow hat and white corsage. The couple will reside at 2050 Keele Street in Toronto.

The bride was honoured at two showers before her marriage; a miscellaneous shower by Miss Carol Gillespie, and a shower given by Mrs. Gary Stewart, on behalf of the hospital staff.

Public School Bowling League

Saturday morning, September 27th, was the second week of League bowling. Each team filled out ballots to choose a team captain. Each team also chose a name. Following are the results:

Way Outs — Captain, Debbie Montgomery; assistant, Robby Clements. Hot Shots — Captain, Jo-Anne Valchar; assistant, Ricky Clements.

Pin Smashers — Captain, Judy Meeks; assistant, Laurie Burns. The girls sure dominated that election when you consider that there are 13 boys and 11 girls in the League.

Sept. 20th —

Way Outs 2, Hot Shots 3; Pin Smashers 3, Flintstones 2.

Bantam Division, not 12 yrs. on September 1, 1969 — Girls' high single, double and average, Jo-Anne Valchar 114, 226 and 113.

Boys' high single, Ricky Clements 154; high double and average, Terry McGee, 256 and 128.

Junior Division, not 15 yrs. on September 1st, 1969 — Girls' high single, double and average, Karen Meeks, 115, 232 and 111.

Boys' high single, double and average, Bill Seeley, 152, 293 and 147.

September 27th —

The Pin Smashers and the Hot Shots each had a bowler absent, so the Way Outs and the Flintstones got 5 points each. So if you are going to be a member of a team and can't be present Saturday morning, be a good sport and bowl your games at some other time, if possible.

Bantams — Girls' high single, Debbie Montgomery 112; high double, Debbie and Jo-Anne Valchar, 194; high average, Jo-Anne Valchar, 105.

Boys' high single, double and average, Ricky Clements, 144, 259 and 128.

Juniors — Girls' high single, double and average — Karen Meeks, 140, 278 and 125.

Boys' high single, Lloyd Robson 176; high double and average, Bill Seeley, 311 and 151.

Hastings County Far Ahead In Education

Public education in Hastings County is in better shape than in most other jurisdictions in Ontario.

That message was brought back from the meeting with Minister of Education William Davis in Toronto last Monday by the county's director of education and board chairman, James Clarke.

"We are so far ahead of other boards in the province, it isn't even funny," remarked Mr. Clarke. "We find at these sessions most boards are so negative that sitting through a meeting is depressing."

The minister's stern warning to curtail education spending could be dangerous if taken too literally in Hastings, director of education Eric Runnacles warned.

The county's per pupil cost for instruction and educational services equals the provincial average, he said.

"But we are way down on all other expenses, including cost of administration," he said. "I hope the department of education remembers this."

Hastings board's budget estimates for 1969 allow \$23 per pupil for administration. The provincial average in 1965 was \$73 per pupil.

"If we are to provide the quality education that you want, we must be allowed to raise this figure," Mr. Runnacles told the trustees. "Hastings County should not stop its operations to the same extent as the richer boards."

"Our board put its priorities down in clear order at the start," he added. "This is lacking in other boards across the province."

Another point in the county's favor noted the director was the way its trustees "managed to retain their sense of humor and relish their job, when others across the province were on a crying jag over curtailing of educational spending."

"With education taking 42 per cent of the Ontario budget this year, the minister is naturally anxious to restrain spending," noted Mr. Clarke. "Did you ask about expenditures on community colleges?" queried trustee Mrs. Jean Hutchison of Trenton.

"In this county, it costs 15 cents on every dollar in the budget to get the children to school before we can begin to educate them," Mr. Runnacles reminded the board. "If we had that \$1,000,000 for special education and psychological services, think what we could do."

Sees Budget Surplus For Hastings County

On the basis of eight months operation, Hastings County should have a modern surplus at the end of 1969. This was the forecast last week of Hastings County clerk-administrator Carl E. Bateman as he presented his report to last week's one-day session of council.

Mr. Bateman said the County was "well within" its budget to date but reminded that the heaviest spending in some departments occurred in the latter half of the year.

This was particularly true of the road department where programs initiated early are not paid for until later in the year, he said.

The administrator explained that this year's tax sale on October 15 would be about the same as in other years — except that one county municipality will have no tax sale this year.

The reason for this is that the Ontario gazette erred in printing and listed Faraday's properties in with the township of Limerick.

As a result the Department of Municipal Affairs has ruled that any tax sale in Faraday this year would be illegal.

Most of the properties listed for Faraday have now been paid and those not paid by the date of the sale will be listed for next year.

Cost Calculator Sold Out

The Consumer Cost Calculator, that handy gadget developed by the Canada Department of Agriculture to help housewives check for bargains at supermarkets, has been sold out.

The Queen's Printer was flooded with requests for the double-disked plastic consumer cost calculator following publicity in The Stirling News-Argus and other newspapers several months ago.

Fifty thousand reprints have been ordered.

The Queen's Printer says that it has 6,000 individual back orders, plus another bulk order from a private industry for 25,000 to fill.

The calculator should be available within two months.

But the price is going up from 50 to 75 cents.

Bethel U.C.W.

On September 25th, Mrs. W. C. Cox, Stirling, was hostess for the monthly meeting with a poem, "To Fathers and Mothers". With Mrs. H. Elliott as accompanist, the hymn "Come, Ye Thankful People, Come", was sung. Mrs. Holden led in prayer.

During the business session, reports were given by the visiting committee. Plans for future catering were discussed. The roll call was answered with a verse containing the word grain. There were 21 members and visitors present. The offering was received and dedicated by Rev. W. C. Cox. The October meeting will be a social evening with a guest speaker.

Mrs. K. Lang was in charge of the worship service and programme. Following the call to worship, the hymn "We Give Thee But Thine Own" was sung. The Scripture, taken from St. Matthew 25, was read by Mrs. G. Sine. The meditation, "The Parable of the Talents", was given by Mrs. F. McGee. Mrs. Cox read a poem, "Lord, We're Grateful". Mrs. Lang led in prayer.

Mrs. T. Clements described her day at Albert College the latter part of

August. The theme of the school was "Reconciliation". What does it mean to you?

The chapter from the Study Book was taken by Rev. W. C. Cox on the subject, "Lelude, What To Do With It?" In 1884, sixty hours was the legal work week; in 1948, forty-eight was the legal work week; in 1965, it

was a forty-hour week. What will it be by 1975? What will we do with all that leisure time?

The hymn, "We Plough The Fields And Scatter", and the Benediction closed the meeting.

Mrs. Don Heath thanked the hostesses and the programme committee. A social time was enjoyed.

YOU need this when deep-fat frying

French-fried potatoes, chicken, and many other foods are delicious when prepared in your deep-fat fryer. But, for safety's sake, keep the frying temperature at the proper level by using and watching a cooking thermometer.

The flash point, or temperature at which the vapours from the boiling fat can be ignited by a match flame or spark, is less than 100 degrees above the maximum frying temperature of 400 degrees. And the ignition temperature, at which the hot fat itself can burst into flame, is only about 200 degrees higher than the flash point.

Therefore, it is very important to keep the frying temperature to a controlled, safe level.

Never leave your fryer unattended while warming fat to frying temperature. Because heat from the stove element under the fryer cannot escape rapidly, the temperature of the fat rises quickly. It can increase past the frying level to flash point and ignition stages in the time you might take to answer the door or telephone. If you are interrupted by a call during frying, be sure to turn down the element under your fryer. Don't rely on fryer thermostats — although they help reduce the danger of overheating, they don't always work.

Would you like to enjoy safer deep-fat frying in your home? CIAG has a limited supply of reliable, deep-fat frying thermometers available at cost. To obtain one, please complete the attached coupon and send it with your cheque or money order for \$1 (includes 5% sales tax) to CIAG INSURANCE.

Village Council Plan By-Law For One Year Term of Office

The regular monthly session of Stirling Village Council was held on Monday night, September 29th. Reeve D. W. Rodgers presided, supported the Councillors Robert Hullin, Claude Trumble and Maurice Faulkner.

The following correspondence was read by Clerk-Treasurer W. L. Pollock:

Ontario Water Resources Commission, Inspection report; Hastings County Board of Education, Request for Stop Street; Donald E. Loughheed, (County of Hastings), Tax sale; Dept. of Justice, Fire Prevention week, (Oct 5-11); Leader of the Opposition, Assessment Act; Dometar Chemicals Ltd., Salt Prices; Trent University, Request for records; Ontario Municipal Board, Board's approval, Church St. sewer extension; Department of Municipal Affairs, The Assessment Act; Department of Municipal Affairs, Ontario Planning.

Mr. George Patton, Principal of Stirling Public Schools, interviewed Council regarding the possibility of adult school safety patrols at crosswalk intersections and various other school matters, including bus stopping at Junior Public School where it is difficult for the driver to drive his bus close to the sidewalk for unloading purposes, due to the high sidewalk.

Mr. Patton was assured that his requests would be given due consideration and the street committee was authorized to check on the bus problem at the Junior Public School.

George Rhynsbarger, By-Law Officer, requested some guidance regarding parking on Charlotte St. beside the Post Office. He stated that the school bus operators were finding it very difficult getting their large vehicles up the street with cars parked on both sides of the road.

Council will check with the traffic control officer of the O.P.P. for correct wording of the no parking, or stopping signs.

On motion of Faulkner and Trumble, the By-Law Officer was given permission to purchase a winter coat and two shirts.

Fire Prevention Week will be observed in Stirling from October 5th to 11th, to coincide with the rest of the Province on motion of Councillors and Hullin.

The Clerk was authorized to purchase five tons of salt.

One Year Term of Office

After considerable discussion, Council authorized the Clerk to prepare a bylaw establishing terms of office for all members of Council and local boards in the Village on a one year term for 1970 and a two year term thereafter to coincide with elections for trustees for the Hastings Board of Education.

Off The Record

Well, what do you know? — We're four years old! To celebrate this occasion, Gertrude Belsahw brought forth an anniversary cake with four lighted candles. The birthday song burst forth like a rocket taking off. This was after Nellie Montgomery and Margaret Fitchett served lunch, with Duncan (who is always a ladies' man) bringing up the cheese. Pres. Fred thanked all for this lovely lunch.

The Pres. called for the various reports which were adopted and revealed that we were 4 strong and, while it is off the record, we were not broke for we had money in the bank.

Pres. Fred thanked all officers and members for their co-operation. He then asked dis old Scribe to assume the gavel and proceed with the election of officers. To put all in a good mood, dis ole Scribe told them a (nice) story and told Pres. Fred what a swell fellow he'd been all year. From then on all officers were taken on for a second term. They were just like a group of race horses at the starting gate, all rarin' to go.

The 1969-70 officers are: Pres. — Fred Heasman Vice-Pres. — Florence Hough Sec. — Margaret Ward Treas. — Gertrude Belsahw Pianist — Margaret Fitchett The various committees are the same as last year.

An expression of thanks was recorded to the A.F. & A.M. for providing us with a home and to Harry Waite for the care of same.

Speaking of records — Do you recall the gramophone record when Uncle Josh was preaching about the temptations that Satan had to offer to sinners? He said Hell was filled with automobiles, wild women, fast horses and champagne, and about that time Ole Jim Lawson woke up and said: "O Death, Where is thy sting?"

Alcan Universal Homes Go On Display This Week-End In Stirling

This week end will mark the "Open House" for Alcan Universal Homes in Stirling. At present, three homes are on display on Baker St. In this area, these homes are being sold by Trenton Complex Homes, who have now opened a branch office on Baker Street.

The Alcan Universal Home marks a radical departure in the concept of single-family detached residential home construction. Alcan Universal Homes are completely assembled in a modern, automated plant and shipped to the site in two sections, which are then joined together on the foundation. This provides the economies of construction proven by the assembly-line techniques perfected in the automotive industry, as well as complete control of quality and finish possible only by this method of construction.

The end product is an attractive, comfortable home of excellent quality at a cost substantially less than if the same home were built by conventional on-site methods.

Alcan Universal Homes are sold through a network of franchised builders established by Alcan. Following installation at the site, each home's performance is reviewed under Alcan's Inspection and Service Program for a twelve-month period.

Number of Models
The several models of different sizes and floor plans have been designed to satisfy the needs of modern family living and provide an interesting variety to choose from. Additional models are being designed. Each home is available with a choice of exterior elevations or styling, as well as a choice of interior designs and decoration.

Sizes
Existing models vary from 875 square feet of area to 1368 square feet of area. Outside dimensions

Hastings County Hosts Convention Association Counties and Regions

Two Ontario cabinet ministers, Hon. Charles McNaughton, Provincial Treasurer, and Hon. Darcy McKeough, Minister of Municipal Affairs were in the "bear pit" in Belleville this week at the Association of Counties and Regions convention.

The two cabinet ministers, much in the news since the provincial government announced its intention to set up regional governments and take over the municipal assessment function, answered questions at the Tuesday session of the three-day meet.

The convention dates were October 6th to 8th with sessions held at the Sun Valley Motor Inn, Belleville.

More than 400 delegates and their wives from all parts of Ontario attended the convention which dealt mainly with recent trends in municipal government. The convention theme was "Where Are We Going?"

The delegates were officially welcomed to the County and City of Belleville by Hastings County Warden Donald W. Rodgers, of Stirling and Major J. R. Scott, Belleville.

Keynote speakers dealt with such topics as where we are going in regional government, in county administration, regional development and in municipal education.

Following keynote addresses, panel discussions were held on the various topics.

The two Ontario cabinet ministers answered questions Tuesday morning followed by a talk by Chalk River Reeve Robert Seguin on "where are we going in county administration?"

Tweed Reeve Barbara Allen was panelist during a discussion on regional development, while Hastings County Agricultural Representative Douglas Tipper, took part in a panel discussion on the needs of the rural municipality.

Hastings County was host municipality for the convention.

A special entertainment program for delegates' wives was arranged. Monday, delegates' wives enjoyed a trip through the county with luncheon and fashion show at Actinolite's Marble Church, followed by a dance at Sun Valley.

"At Home"

Mr. and Mrs. Clifford Elliott, Front St. West, will be at home to their friends and relatives on Monday, October 13th, from 3 to 5 p.m. and from 7 to 9 p.m., for a delayed celebration of their 50th Wedding Anniversary. No gifts, please. 39-1p

See Cub Bear South of Frankford

Mr. and Mrs. Fred Bell, Old Mar-mora Rd., Stirling, were surprised on Friday morning when a young cub bear sauntered out from the bush in front of their car. They were driving south on the east side of the Trent River, about two miles south of Frankford, at the time.

Help Needed In Cub And Scout Program In Stirling

After serving over 16 years as a Cub Leader, Verna Woodbeck has asked the Group Committee to find someone else to take the Pack. She has agreed to carry on one more year on the condition that someone join as a leader with the intention of becoming Akela. In addition, she will need two more leaders if she is expected to try to manage a pack of over forty boys.

The problem is not confined to the Cubs. Ron Woodbeck needs help to carry out the new Scout program. Don Marchand has twenty-two Venturers and needs adult help. The Group Committee requires new members to replace those who have already served several years.

If these groups are to be disbanded because the community is unable or unwilling to provide help, there is no point in asking the present leaders to carry on.

Anyone interested in keeping this movement active and giving some of their time to any of these groups, please contact Bernard Farrell or phone Jim Bryant, at 395-2425, after 6 p.m.

Library News

Among the new books at the Stirling Public Library is "These Rich Years", by Jean and Robert Hersey. This is a book written for all who want to make the most of their retirement years, and not only those who are already in this situation, but those of any age who want to prepare for "these rich years", will enjoy this journal of retirement. Practical hints, as well as their philosophy, are shared, and together make reading this book a most rewarding experience.

"How Do You Spank a Porcupine?" by Ronald Rood, will delight lovers of wildlife. It is the story of Piney, one of the many wild creatures befriended by the author and his family on their hundred acre spread in Vermont.

"Except For Me And Thee" by Jessamyn West, is another book by this outstanding writer, depicting the life of the Quakers who settled in

America. The insight into their times with its hardships and humour, hope and despair, joy and sadness, will bring this era to life.

"New Moon Rising", by Eugenia Price, is a second book by the author of "The Beloved Invader". Again this writer takes us to St. Simons off the Georgia coast, this time to tell the story of Horace Gould, the son of a southern planter, who finds his family traditions in conflict with his commitment to humanity.

"Bullet Park", by John Cheever, tells a suspenseful tale in a setting of modern America, and "Swift to Its Close", by Simon Troy, brings us Inspector Smith watching the inevitable climax building up in the apparently peaceful English countryside.

"Exploring the Mind", by Suzanne Loeb, tells of man's continuing struggle against mental illness. Mrs. Loeb brings the reader some background on the contributions of leading scientists, from the eighteenth to the twentieth centuries, and interprets their achievements against today's needs. This book should interest all who are concerned with this vital subject, and is written simply enough so that young people will find it as absorbing as their parents.

"A Day Around The World", by Frank Jupo, brings to younger children a look at the earth and its motion — the stories of different children in different countries, and their activities at one specific time, held to make the time zones easily understood, and also give authentic glimpses of life in other lands.

"Double Spell", by Janet Lunn, is an exciting story of mystery and suspense for young readers, an eerie tale of a family, especially twin sisters, living at present (or is it in the past) in Toronto.

Students who live outside the village and have not yet renewed their library cards, are reminded to do so.

For just 25c any student can use all the facilities of the Library for help with assignments, and for "fun" reading too. Happy Reading!

Teen Bowlers

The following are the results of a massive effort put forth by each person of the team:

Girls' high single, double and average, Julie Hunter, 223, 414 and 173.
Boys' high single, double and average, Barry Wilson, 261, 413 and 191.

Spinach is delicious served raw in salad and attractive as a dark green garnish. It's an economical substitute when lettuce is expensive.

"If you think I have never been asked to get married," said the spinster, "you're wrong. My mother has asked me a hundred times."

HAGGERTY — WHITE WEDDING

MR. AND MRS. JAMES EDWARD HAGGERTY

Tall standards of yellow and white gladioli decorated the altar of St. Paul's United Church, Stirling, with white satin bows on the pews, Sept. 6, 1969 when Marilyn Jane White and James Edward Haggerty were united in marriage.

The bride is the daughter of Mr. and Mrs. Burton White Harold RR 2, and the groom is the son of Mr. and Mrs. Elwood Haggerty, Stirling.

Rev. Wilbur Cox officiated at the double ring ceremony.

Mrs. Craig Watson played the wedding music and accompanied the soloist Mrs. Jim Pollock who sang "From This Day Forth" before the ceremony and "Each For The Other" during the signing of the register.

The bride given in marriage by her father wore a floor length gown of crystal crepe in A-line styling, scooped neckline that can be converted to a high neckline with an inset of flowered design made of Guipure lace. The lace band was carried out under the bodice and around the edge of the elbow length sleeves. The detachable cathedral train fell from just below the shoulder line in a circular fashion and was trimmed with the same Guipure lace as on her gown. Her four tiered nylon illusion scalloped shoulder length veil was held in place with a headpiece of a double ring of Guipure lace adorned with small seed pearls and she wore white sling back shoes and carried a bouquet of red roses.

Miss Nancy David, Belleville was maid-of-honour and she was attended by Mrs. Jim Bishop, Orangeville both friends of the bride and junior bridesmaid Miss Kathy White sister of the bride all dressed alike in floor length gowns of buttercup yellow chiffon over taffeta with a high neckline, trimmed with daisies. The long chiffon sleeves were trimmed with the same daisy trim, and a small self bow was caught at the back of the empire styled gown. They wore bronze and yellow daisies scattered through their hair and carried bouquets of bronze and yellow shasta daisies.

Flower girl Miss Heather Pollock wore a floor length gown and veil to match the bride and she carried a bouquet of red roses.

Ring bearer Master Douglas White brother of the bride wore a charcoal suit and carried a white satin pillow.

The groom was attended by his brother Gregory Haggerty, Stirling while the ushers were Mr. Jim Bishop and Mr. Steve Cook friends of the groom.

The reception was held in the I.O.O.F. Hall, Stirling where the bride's mother received the guests.

She wore an A-line style dress of sparkle crepe in sky blue with rolled collar, with long bell shaped sleeves and navy hat, purse and shoes and a white orchid corsage. She was assisted by the groom's mother who wore a sheath dress in yellow crimped hat, shoes and purse and a green orchid corsage.

After the reception the guests were all invited to the bride's home to see their wedding gifts, and to return to the hall for dancing from 8 to 12.

For a wedding trip to Lake Papineau and parts North the bride changed to a long sleeved white crimplene dress with sleeveless orange coat, brown accessories and white gardenia corsage. The young couple will live in Stirling.

Out of town guests were present from Bermuda, Hamilton, Toronto, Brampton, Orangeville, White River, Trenton, Belleville, New West Minister, B.C., Ottawa, Peterborough, Fort Stewart, Detlor, Campbellford, Wellington, Hillier, Stirling and Harold.

Mr. and Mrs. Elwood Haggerty entertained the wedding party after the rehearsal to a very lovely lunch, and at this the young couple were presented with a card table and chairs, foot stool and clothes hamper, by the neighbours and friends around the groom's home.

Prior to her marriage a miscellaneous shower was held at the home of Mrs. Fred Beckett. She was helped by her daughters Carol and Dawn. Also a linen shower held by the maid of honour, Miss Nancy David and her mother, Mrs. Ira David. At both the bride-to-be received many useful and lovely gifts.

WATERFOWL SERIES —

"BLUEWINGED TEAL"

Another of our more common ducks, the Bluewinged Teal is also a member of the puddle ducks, therefore inhabiting shallow, small bogs and ponds.

Its distribution is much the same as the Greenwinged Teal, which is the Western hemisphere in general.

The Bluewing is an early migrant as it cannot endure cold as well as some other species.

This duck averages 16" in length and is easily identified in both sexes by the pale blue wing-coverts and a rich green-coloured speculum. The male has a large white black-edged crescent in front of the eye and is variegated dark and light brown above and purplish-gray and yellow-

ish-gray below, with spots of black. Females are dark brown above, variegated with lighter and whitish below, mottled with brown.

In flight, they resemble the other Teals, twisting and turning in an erratic line of flight.

Its diet is chiefly vegetable matter, seeds, grasses, pond weeds, etc., thereby placing this species high on the hunter's list as a desirable duck for the table.

The Bluewing's nest is down lined and usually cradles 8 to 12 pale buffy eggs, which are well guarded by the female, who is extremely cautious in camouflaging and concealment. In fact, it is possible to walk within a few feet of a concealed nest and never see it.

choe, Eleanor Bush, Judy Bush and Jean Donohoe, Mrs. Douglas Kane, Mrs. Bernard Farrell and Mrs. J. R. Donohoe.

At seven o'clock, seventy invited guests convened at the Heasman home and travelled in a group to the River Valley Women's Institute Centre. The dining hall was decorated with streamers, bells and flowers and the head table was centred with a three-tiered decorated anniversary fruit cake. The other tables were adorned with small floral bouquets.

A long smorgasbord table was laden with platters of turkey and ham and a large variety of vegetable and fruit salads. Mrs. Roy Tucker, President of River Valley W.I., and fourteen members were in charge of the catering. Six of the members were guests at the supper.

At 7:30 p.m., the musician of 1944, Mr. Fred Porter, Tweed, rendered Mendelssohn's "Here Comes The Bride", as the group entered. He also provided piano music until everyone had served themselves and were seated at the various tables.

Mr. James Heasman, Toronto, was master of ceremonies, and Miss Maria Heasman introduced the head table guests.

Harry Heasman proposed a toast to Ed and Isabel and Dennis responded on their behalf. Greetings were given by Mrs. William Coleman, Belleville, Fred Heasman, George Heasman and also Harry Vance, Bloomfield.

Following the cake cutting ceremony the four members of the Heasman family served the guests, after which Ed and Isabel each brought a message.

All of the Institute workers were then invited to the dining hall and Dennis, in a very appreciative ad-

dress, thanked the group for providing the smorgasbord supper.

All of the 1944 wedding party were in attendance, except the maid of honour, Mrs. Jack Phillipot, Toronto, who was unable to attend.

At ten p.m., the group travelled back to the Heasman home, where a short reception was held with another cake cutting ceremony and the bride's cake and coffee were served.

Guests were in attendance from Binghampton, New York, Peterborough, Tweed, Campbellford, Toronto, Ottawa, Stirling and River Valley.

Dennis and Maria presented their parents with a coffee table and jewelry. The Heasman brothers and sisters presented a bridge set and a silver dollar tree and several cousins presented a luncheon cloth. Ed and Isabel exchanged wrist watches. There was also a large array of anniversary cards and gifts from special friends.

The Wedding

A large wedding was held on Saturday, September 23rd, 1944, in Christ Church, Belleville, when Rev. F. C. Beazer, Roslin, solemnized the wedding ceremony of Mary Isabel Free and Edward Heasman.

The maid of honour was Mrs. Jack Phillipot, Toronto. The bridesmaids, Mrs. William Coleman and Mrs. Robert Sullivan, of Belleville.

Mr. Harry Heasman was groomsmen. Messrs. Ernest Carr, River Valley, and Jack Wilson, Belleville, were ushers. Mr. Fred Porter, of Tweed, rendered the wedding music.

On Tuesday, September 23rd, Ed and Isabel and Mr. and Mrs. James Heasman, Toronto, left on a motor trip to the East Coast.

River Valley friends extend cordial best wishes for future years of happiness.

Mr. and Mrs. Wilfred Spencer arrived home from the Northwest, on Monday after spending nearly three weeks touring as far West as Banff and Lake Louise, with several side trips to visit friends and relatives enroute.

A few from here attended the anniversary services at Burnbrae Presbyterian Church, on Sunday.

Several ladies from Rylstone attended a trousseau tea, given by Mrs. Cyril McKeown, 12th Line, on Sunday afternoon, in honour of her daughter, Dianne, an October bride.

Mrs. Fred Spencer and Chris spent a day last week with her cousin, Carol Bausch, at Oshawa.

Mr. and Mrs. Ted Reid, of London, were Sunday dinner guests of his parents, Mr. and Mrs. Percy Reid.

Several men from the district went on duck hunt over the week end. Around here, on Saturday morning, it sounded as if war had been declared. (On the ducks).

Rylstone W.I.

Rylstone Women's Institute held an open meeting in the W.I. Hall, on Wednesday evening, October 1st, with a good attendance of twenty ladies, two gentlemen and several children. Mrs. Lindsay Anderson, President, was in charge of the meeting and opened with the Institute Ode and Creed and community singing, includ-

ing "Home On The Range", "I've Been Workin' On The Railroad" and "Memories", led by Mrs. Murray Melkiejohn, with piano accompaniment by Mrs. Ellis Jones.

Mrs. Hector Arnold, convenor for Historical Research, was in charge of the programme and introduced Mrs. Doug, Brunton and the girls of her 4-H Club, of which she is leader. The girls sold bags of delicious home-

made candy among the audience. Mrs. Brunton also explained to the people what the girls were learning and prophesied some future good cooks among them.

Mrs. Thos. McKeown, in a few well-chosen words, introduced the special speaker for the evening, Russell Rowe, M.P.P. for Northumberland. She told of his early education at a rural school at Stanwood, his High School education at Campbellford High School and time spent as teacher at Rylstone Union School after graduating from Peterborough Teachers' College.

Incidentally, the Union School building is now Rylstone Women's Institute Hall, where the meeting was held. Mr. Rowe stated that he tried for a few years, to combine teaching and politics but gave up teaching in favour of Provincial work, when he felt he could not do justice to both. Mr. Rowe, or "Russell", as he is known to everyone at Rylstone, spoke on the "History of Ontario and Its Government", and explained how a bill was passed in parliament. His address was very interesting to all, and a short question and answer period followed.

Mrs. Cora Reid spoke a few words of sincere thanks to Mr. Rowe, on behalf of all present, and presented him with a small gift. His wife, a former Rylstone girl, Marjorie McKeown, and his mother, Mrs. Jennie Rowe, of Campbellford, accompanied him.

Helen Stapley favoured with a solo, "Waltzing Matilda", and as an encore "Ontario", with her sister, Lenora Stapley, at the piano.

A number of paintings on display were pointed out by Mrs. Ernest Irwin, as the artist, Mrs. Roy Finch, was unable to be present.

The roll call, "Historical Places I Have Visited Recently", was well responded to by members and guests. Little Miss Elaine Brunton gathered the silver collection and the hostess, Mrs. Gerald Barnum, served a delicious lunch of fruit breads, cheese and coffee, assisted by Mrs. Murray Melkiejohn, Mrs. Don Stewart, Mrs. Percy Reid and Mrs. Hector Arnold.

and even to window curtains and pictures. Wall-to-wall carpet in living room; wall-to-wall cushioned vinyl floor covering in other rooms; ample storage space; hot water baseboard heating system; low-maintenance Alcan aluminum siding; low-maintenance interior.

Construction

Alcan Universal Homes are designed to meet local and regional building codes. They are specifically engineered to withstand the wide range of Canadian weather conditions. The Alcan system of construction exceeds National Building Code requirements. It has received Central Mortgage and Housing Corporation acceptance. Electrical and plumbing systems are inspected in the plant by Canadian Standards Association.

Use of Aluminum

Each Alcan Universal Home has more than 1,200 lbs. of aluminum in its total weight of 18 tons. Aluminum applications are mainly on the exterior, consisting of those made popular over the last five years by Alcan Design Homes in its construction from Vancouver to Montreal — aluminium siding, soffit, fascia, windows and shutters. Other aluminum uses include door hardware, louvers, vents, toll vapour barrier, exterior door thresholds and the complete house electric wiring system.

Production Rate

Production of Alcan Universal Homes in the 115,000 square-foot automated plant at Woodstock, Ontario, will be at the ultimate capacity of 200 units a month — 2,400 houses per year. In the future, the Company may consider additional home-assembly plants in other parts of Canada.

OHSIP vs. OMSIP

Extra Coverage, Premium Cut, Called For By Clarke Rollins, M.P.P.

A call for extra coverage and a reduction in the cost of OHSIP premiums has been made by Clarke Rollins, Hastings M.P.P.

Explaining the transfer from OMSIP, Mr. Rollins said:

"Firstly, I would like to make it clear that OHSIP has nothing to do with hospitalization. Individuals residing in the province who were covered before Oct. 1 are still covered by OHSIP for hospitalization. OHSIP (Ontario Health Services Insurance Plan) is to replace OMSIP, which was the provincial plan, but in order to receive grants from the federal government it was necessary to go into OHSIP or the Province of Ontario would lose in a full year approximately \$175,000.00.

"We in the province were forced to participate in the federal scheme in order to receive grants. The federal government has said that in 1972 they plan to get out of cost shared plans which could mean by 1972 we would be cut off from federal grants for OHSIP.

"As of September 30, 1969, the provincial minister of health, has told us that 97.2 per cent of the people in the province are covered by OHSIP.

"OHSIP covers only 90 per cent of doctor's bills. Many contracts with unions, school boards, employees, etc. had previously negotiated contracts to cover 100 per cent of doctor's bills.

"It is my opinion that individuals who want this extra coverage should be allowed to have it, but Mr. Munro, the federal minister of health

"Contrary to what has been said, the federal grants will only cover 44 per cent of the OHSIP plan. People who have special plans, including drugs, dental care, special nurses, chiropractors, etc. will still be able to obtain these plans," said Mr. Rollins.

"I would like to list the total cost for one full year's operation of OHSIP and total expenses for one year:

Cost of insured health services	\$401,003,883.
Administrative costs	\$27,917,000.
	\$428,920,883.
Ontario Health Resources Development Plan	\$65,000,090.
Total expenditure	\$493,920,883.
Revenue — financing of OHSIP	
Contribution by province from general revenue	\$40,000,000.
Federal contribution	\$176,441,711.
Premium revenue	\$295,848,423.
Total revenue	\$515,290,134.

Amount carried forward for premium stabilization over the premium cycle. Premiums fixed for two years. Increase in second year. Costs to be defrayed by stabilization fund \$18,369,245.

STIRLING BRANCH LEGION NOTES

Item: Bingo — A favourable report on the games held to date, showed that they will fill a popular demand for an enjoyable evening twice a month during the winter. GIVE THANKS

Well, Thanksgiving Day is over. So often we are thankful for the past and rightly so, but remember also that life moves in only one direction and we cannot live it backward. So be thankful for the present and hopeful for the future. In all things give thanks.

The Senior Citizens last week enjoyed a double feature. Ernie Munro who is past 39, enjoyed a birthday and also (all on his own) surprised us with a lovely lunch. Thanks, Ern. He was right on his toes all afternoon and Oh, yes, he also brought along his usual floral gift. There seems to be some competition as to who is to receive it, so we don't know who the lucky girl was last week.

Pres. Fred welcomed Mrs. John Rainie as a visitor.

Did you hear about the lady who married for life and later discovered he didn't have any?

Boy Scout Registration

Registration for Stirling Boy Scouts will be held at the Community Hall, on Monday, October 20th, at 7.30 p.m.

Letter To The Editor

To the editor:

The Canadian Arthritis and Rheumatism Society's fund raising campaign exceeded our expectations. A total of \$420.88 was collected as a result of the generosity of the residents of Stirling and the River Valley area.

On behalf of the Society, I wish to thank all those who helped to make our first drive for funds a real success. Thanks are also due to the canvassers, both young and old, who so willingly helped to distribute and collect the campaign envelopes.

We also appreciate the fact that thoughtful citizens, although absent from home at the time their envelope was to be picked up, either left the envelope at a local store or mailed it to the Stirling branch of the Bank of Montreal.

A glowing account of her work to date is in "The Countrywoman Magazine". For Friendship Link, Mrs. MacMullen read the new overseas postal rates, which were effective October 1st.

For Historical Research, Mrs. Roy Bush displayed some old and new pictures.

For A.C.W.W., Mrs. Roy Tucker read an account of a visit to the Philippines from the Countrywoman Magazine. She reported \$1.50 in the Penny Jar for September. The Pennies for Friendship are gathered each month.

Mrs. Vernon Harry displayed the sixty-three souvenir dolls which had been made as individual Christmas gifts for members of Abbots' Leigh W.I. in England. On Friday, October 3rd, Mrs. Percy MacMullen packed and shipped the parcel and it is hoped it will arrive at its destination in time for their Christmas meeting early in December.

Mrs. Ernest Carr reported for the Centre Property Committee. On Saturday evening, November 1st, at 8:00 p.m., a housewarming is planned at the Institute Centre. All of the River Valley community are cordially invited to attend.

Later in October, several canvassers have been appointed to visit the various homes in the River Valley community. An appeal for funds to carry on the "Institute Centre" will give everyone a chance to donate and the money is to be in before the housewarming.

A Senior Leadership Course, "The Main Dish Makes the Meal", will be available with two leaders appointed, Mrs. Ralph Carlisle and Mrs. George Grills. There will be further plans later.

Delegates and alternates were appointed to attend the Trent Valley Area Convention at Club Canara, in Belleville, on Thursday and Friday, October 16th and 17th. The theme is "Education, Challenge and Responsibility". Delegate to vote, Mrs. Gerald Brooks; Delegate for report, Mrs. Ernest Carr; Alternates, Mrs. Albert Wilhelm and Mrs. Roy Bush. Several other members plan to attend.

ment committee and hostess served muffins and cheese. At the close of the social hour, Mrs. Vernon Harry voiced thanks for hospitality, programme and lunch.

Bethel Church Marks 95th Anniversary

On Sunday, September 21st, Bethel United Church on the Rawdon circuit, observed its 95th Anniversary.

The Church was filled to capacity with extra chairs to accommodate the large number of worshippers in attendance from the community and nearby points. The church was artistically decorated for the occasion with baskets of colourful mums and gladioli.

Rev. James Cullen, B.A., B.D., of the North Prince Edward charge, Picton, Ontario was the guest minister, and based his morning message on "Living Letters".

The sermon was based on the words of scripture found in II Corinthians 3: 1-2, where Paul reminded his readers that they were all the credentials that were necessary to show the validity of his ministry. Every church member today is a letter of recommendation for the church, some of these are good, others bad. It is the responsibility of every member to make sure that his life is a worthy letter of recommendation for the church and for service in God's name. Some of the characteristics that should be present are, devotion, discipline, and a desire to be of service to the community. The sermon concluded with the reminder that Jesus was God's letter to us, showing us how to live. The final question was, "What does the community read in your life?"

Special music was arranged by Mrs. Harold Elliott, A.T.C.M., church pianist and Mrs. Kenneth Sine. The Junior choir of eighteen voices directed by Mrs. Sine, sang "Sing Praises to the Lord" by R. G. Walter, and Misses Janice and Valerie Cleary rendered the duet "Living For Jesus," by C. H. Lowden.

The service opened with Praise the Lord, Ye Heavens, Adore Him and previous to the Sermon the congregation sang "My God I Thank Thee, Who Hast Made," and the service closed with "Saviour again to Thy Dear Name We Raise."

Rev. W. C. Cox conducted the evening service. At the evening service the Junior choir sang "The Heart of the Master" by E. H. Owen with Betty and Mary Lou Sine taking duet parts, and Mrs. G. Clancy. Mrs. J. Pollock and Mrs. F. Beckett rendered the trio "Have Thine Own Way, Lord!" by G. C. Stebbins.

Rev. J. Cullen based his evening sermon upon the question "What turns you on". Throughout the history of mankind there have been certain things that have altered persons' behaviour. The disciples were changed as they listened to Jesus words. Others have been changed through prayer meetings and gospel music. Others are changed through the use of alcohol and drugs, and the possession of material things. We ought to be turned on today as we see the activity of God in other people, as we hear the cry of human needs; and as we know we can be of service to others.

The Anniversary closed, on the theme "The day Thou gavest, Lord is Ended", followed by the "Benediction and the Choral Amen."

THE FARM NEWS LETTER OF HASTINGS COUNTY

A POOR DAIRY COW IS A LUXURY ITEM

(Dr. J. L. & John W. McKittrick)
Any cow that is losing her owner money is a luxury. If she doesn't produce enough milk to pay for her own feed and the dairyman's labour, she should be culled. Some readers may question our making this statement since everybody should know it. Well, there are people milking cows who don't know it. There are herds with a high percentage of "counter-felts".

The dairymen who are making a go of it in today's milk market situation are the ones who are "cold-hearted cow culers". With the price dairymen receive for milk and the costs involved in producing it, they no longer can have a soft spot in their hearts for cows that cost them money. If a dairyman keeps a cow that won't produce profitably for today's market, his soft spot isn't in his heart, it's in his head.

We know that it is difficult some-

times to give up on a particular individual. Perhaps this cow that is loading is a purebred out of your best cow. Maybe she is injury prone and things just keep happening to her. It all adds up to the same question: "Does she give enough milk?" If not, she is a liability.

A herd of cows that is just about breaking even year after year can be made to show a profit by eliminating the one poorest producer. If the five or seven lowest producers are culled, the profit picture should be even more impressive.

In some respects dairymen are funny. If a barn has 3 stalls, most dairymen milk 43 cows. Even if only 36 of these stalls are occupied by cows that are paying their way, they'll normally keep the other 7 just because they have the room available. It's hard to convince them they would make more money with less work if they had seven empty stalls in the barn.

Most dairymen we know keep very few luxury items around. If it is something that is not needed or does not produce benefits, it is not required. Yet, this same man will keep a few cows that have to be classified as luxury items.

Our definition of a luxury item is something you own that is costly, and that you could get along without. It seems to us a poor cow meets these requirements.

One more chance — The majority of dairymen like to give a cow one more chance. Those 2-year-olds, in particular, usually get to stay around even though they don't milk enough. Those are the ones that invariably have heifer calves and they don't milk enough as 3-year-olds either.

Dairyman who are on a testing program and study their records do a fairly good job of culling. The problem is, though, that only 20 per cent of the cows in this country are tested for production. (Ontario percent of cows on test less than half of those in U.S.A.)

We sincerely believe that the cows that classify high or win at fairs are profitable producers. More and more of our judges and classifiers are going with those cows that look like they will milk. If a man isn't testing his herd for production, chances are good he isn't showing them at fairs or having them classified either.

We hope that during 1969 more dairy farmers will take advantage of the tools that are available for making their herd more profitable, and that we'll develop more "cold-hearted cow culers". There always will be some who are content to be surrounded by "luxury items".

'Flu Shots In Reverse

Senior Citizens' Club was a busy place Thursday — 36 of our own and 8 visitors: Elwood Johnston, who we welcome as a new member, and Flossie Dunkley and Mabel Armstrong (Stirling), Mrs. John Ryan (Rawdon), and her sister, Mrs. Forestell, of Sudbury, Mrs. Nixon, from St. Catharines, and Jean and Andy Gordon, of Owen Sound. Jean is better known to us as Jean McCubbon, who taught in our Public School some years ago. There never was a nicer girl than Jean.

Ross Hoard dealt himself a PERFECT lone hand. (Naughty boy, Ross).

Edna Sharpe and Mame Morton spread a lovely lunch and Roy Thrasher treated all to chocolates. Bernice Rollins sent a cake in honour of Gertrude Belshaw's birthday (You're a nice girl, Bernice). (So's Gert).

Pres. Fred welcomed all visitors and thanked all who contributed to our pleasure.

Remember — He opened the window and "in-flew-Enza". It's time to have your 'flu shot and to change your underwear. To make it pleasant shooting for the Doctor, perhaps I should reverse the order.

Dis Ole Scribe.

The sincere thanks of the Lodge to the District Deputy President and staff for the splendid manner in which the installation was performed.

The meeting adjourned to the Banquet Hall, where Sister Olive Whitehead, P.N.G., and her committee received the guests and served delicious refreshments from tables beautifully decorated with fall flowers. Sis. Mable Hall moved a hearty vote of thanks to the committee for their part in the installation. Thus closed another highlight to be added to the already interesting history of Laurel Lodge.

TIME TO TURN BACK THE CLOCK

This is "catch-up" week end — when Daylight Saving Time comes to an end, and we turn the clocks back one hour on Saturday night. You might like to turn back the time for other reasons, but with this flip of the hand you are actually putting away for another season sunshine and ushering in what late Fall and Winter usually have in store.

From now until late February, most of us will be getting up in darkness, and returning from work by artificial light.

Be that as it may, we will have one hour's extra rest on Sunday morning — just to prepare us for the rugged days ahead.

Mrs. Walter Rodgers Appointed Assistant Librarian Stirling Library

At the meeting of the Stirling Public Library Board, held on October 1st, Mrs. Walter Rodgers was appointed Assistant to the Librarian, her duties beginning on October 7th. It was arranged for a plaque to be placed in the Library, commemorating the twenty-five years of service rendered to the Board by the late Mrs. Gordon Bailey.

Among the new books now in circulation is the story of CUSO (Canadian University Services Overseas), "Man Deserves Man", by Bill Whitney and Dave Godfrey. This gives us a look at the interesting assistance projects undertaken by this group in underdeveloped countries anywhere in the world. Motivated by humanitarianism, dedication and a search for adventure, many young Canadians volunteer to serve for two years, and in doing so help to further international understanding and co-operation.

"A Long Row of Candles", by C. L. Sulzberger, is a fascinating book written by this eminent journalist. It is developed from his memoirs and diaries concerning the important and fateful world events in the period 1934 to 1954. Here are pictures of the news of that time, and the people who made the news, in fresh and intimate perspective.

which are currently moulding the destiny of the western world.

"This Raw Land", by Wayne Short, is an adventurous story of what happened when he brought his new bride north to Alaska and raised a family in a frontier land. It is a story full of the lore of nature and the outdoors, but most of all it is a memorable story of family life under challenging but uniquely rewarding circumstances.

"The Man on the Yellow Raft", by C. S. Forester, is a new book of short stories by this noted author. Based like the Hornblower series on historical truth, they are sea stories of men in action during the period of the Pacific War.

For young team players, "Soccer", by Clive Toye is a comprehensive book about this game, filled with diagrams and "how to" information, as well as an interesting account of the beginnings of soccer, and notes on great soccer players.

A new Phyllis Witney mystery story, "The Mystery of the Crimson Ghost", will be sure to please the young mystery fans, and "Summer in Ville-Marie", by Paule Daveluy, is a story of teen-age romance and self-discovery in a French Canadian setting.

"The Talking Cat and Other Stories of French Canada" is an excellent retelling by Natalie Savage Carlson, of folk tales from the same region of our country.

Younger children will be able to read "Granny and the Indians", by Peggy Parish for themselves, and will have fun with Jean Bendick as she explores the animal world in her poetic science book, "Why Can't I?"

More new titles will be listed at a later date, until then, Happy Reading!

REPORT

ONTARIO PROVINCIAL POLICE
TIPS TO HUNTERS

The Ontario Provincial Police wish
to remind hunters of the recent
changes in the Criminal Code ef-
fective October 1st, 1969, that makes
it an offence for hunters under the
age of sixteen to hunt with a fire-
arm, as defined by the Criminal
Code of Canada, while not in the
possession of Form "C303", com-
monly known as a "Permit to Carry".
This form can be applied for
through the Registrar of Firearms,
Ontario Provincial Police, 125 Lake
Shore Blvd. East, Toronto, Ontario
and must be carried together with a
valid resident hunting licence.
It must also be pointed out that
rigid restrictions are applied to any

applicant in this age group by the
Registrar of Firearms.

Many excellent suggestions are av-
ailable through the Department of
Lands and Forests' pamphlets for a
safe hunting trip. It is suggested
that all guns be treated as if they
were loaded and capable of killing
if mishandled.

Be sure what the target is before
you squeeze the trigger.
Never point a gun at anything you
do not want to kill.

Carry your gun so that you know
where the muzzle is pointing at all
times.

Never leave a gun unattended, al-
ways out of reach where children
are.

Make sure you have the proper
equipment and clothing for your
day's hunting.

Always carry emergency supplies
to assist you to survive hours or
days in the bush.

Always notify someone as to the
area where you will be hunting and
your estimated time of return and
any helpful information to assist, in
the event of an accident

Chatterton W.I.

Mrs. Gerald Irvine opened her
home for the October W.I. meeting
with fourteen members and six visi-
tors present.

The President opened the meeting
in the usual way. The roll call was
a donation of money to buy table-
spoons. The treasurer gave a re-
port.

Mrs. Irvine was appointed as dele-
gate for the Area Convention and
Mrs. MacInnes as alternate delegate.

Mrs. Dixon and Mrs. Isenburs
were appointed to attend the train-
ing school on October 30th and 31st.
Mrs. Irvine was appointed as alter-
nate. Mrs. Dixon, the convenor for
Health took over the remainder of
the meeting.

The guest speaker for the evening,
Mrs. Frank Hodgins was introduced
by Mrs. Hazel Tufts and gave a most
interesting address on "Health".
She spoke of various foods, their
vitamins and the use of plenty of
drinking water as a value to the body.
Weight is the most widespread con-
cern of people today. The best way
to diet is to cut down rather than to

cut out.
Mrs. Dixon thanked Mrs. Hodgins
and presented her with a small rein-
bursement.

Mrs. Bessie Reid gave a reading on
"The Misuse of Drugs and Some
Facts". Mrs. Blecker received a
small gift as she had a birthday in
October.

The meeting was closed and the
hostess and her assistants served a
dainty lunch.

"WATERFOWL SERIES"**— THE WOOD DUCK**

The Wood Duck is our most beautiful puddle duck and the drake Wood Duck in full winter plumage cannot be mistaken for any other duck. Its crested head is iridescent green and purple; a narrow white line from bill over eye over to rear of crest; another commencing behind the eye and running to the nape; a broad white patch on throat; a streak curving upward behind eye, the other curving on side of neck. Its speculum is greenish blue and is bounded by white tips of secondaries behind. The sides, neck and breast are a rich purplish-chestnut, marked with small V-shaped white spots. The drake's bill is black, red and white. The female is mainly a dusky brown above and white below. She has a small crest and her head and

neck are a grayish brown. Its eye is circled with white, which tapers to a point to the rear.

The wood duck builds its nest in a cavity in a hollow tree 20' to 40' above ground and usually lays 8 to 14 creamy-white eggs. This beautiful duck breeds throughout most of North America.

Not long ago the Wood Duck was classified as one of our vanishing species and hunting restrictions were placed on it with the result that the duck has made a remarkable comeback in only a few short years.

This particular duck does not quack but utters a very pronounced hoo-weeet or peeeseett sound, often in flight and the hens have a c-rek when frightened.

There are still plenty of puddle ducks in the area as they have not migrated to any great extent as yet.

Need For Eastern Communities To Re-Organize

"If communities in Eastern Ontario aren't re-organized into a regional set-up, they will stagnate," Mayor Desmond Newman of Whitby told delegates to the annual conference of the Eastern Ontario Municipal Electric Association at Oshawa recently.

Agreeing with the provincial government's policy of municipal government reform, Mayor Newman said it was necessary for eastern communities to re-organize into larger units if they were to attract develop-

ment on a sufficiently large scale. "So far this kind of development has happened only in Southwestern Ontario."

He cited the 20,000-student University of Guelph, the growth of industry in London and Sarnia and the billion-dollar development in Mississauga as examples.

Municipal change was needed, he said. More effective, efficient techniques had to be worked out. A vast majority of municipal entities in Ontario deal with fewer than 1,000 people. He pointed out that in the last ten years, government spending at all levels had risen sharply. But while federal government spending has shown the same percentage in-

crease as the Gross National Product, municipal spending has grown at more than twice that rate.

In his own backyard, he said area municipalities were combining with the provincial government in a study which could result in a region of 200,000 population. Oshawa with 48,000 people would be the largest segment. He preferred, a two-tier set up, because "a large central government could get insulated from the people it served."

In other sessions, the 100 delegates listened to a talk on overhead line construction by Oshawa PUC assistant manager L. J. Alker and saw a film called "The Air We Breathe" which dealt with air pollution. Another topic of discussion was the legal aspects of municipal electric commissions on which the delegates serve in their individual communities.

The conference opened with a tour of Ontario Hydro's Pickering nuclear power station, under construction on the nearby shore of Lake Ontario. The station, which is open to visitors, will eventually provide the provincial grid with 2,160,000 kilowatts. It is to begin producing power in 1971.

St. James C.W.L.

The Catholic Women's League held their monthly meeting on Oct. 8th at the home of Mr. and Mrs. Ray Burley.

Father McGarvey opened the meeting with a Scripture passage, followed by an enlightening message on Revelation, which explained how we can show our faith and obedience to God, by a strong and courageous way of life.

Following the secretarial reports, invitations were extended to attend the Fellowship Day at St. John's on Oct. 14th, the C.W.L. Bazaar in Frankford on Oct. 17th.

The president gave a report on the regional meeting held in Trenton.

Plans were discussed for an "Open House" at the new rectory in Frankford.

The Nov. meeting will be a potluck supper at the home of Mr. and Mrs. Gerald Kerby.

Father McGarvey closed the meeting with prayer and lunch was served by Mrs. Burley and Mrs. J. Doran.

Do You Remember?

— TWENTY-FIVE YEARS AGO —
ISSUE OCT. 16th, 1944

Stirling and community were deeply saddened Tuesday, when it was learned that P. W. (Pat) Long, proprietor of the Sterling Hotel, had passed away suddenly early that morning, following a stroke suffered the previous evening.

Mrs. Susan Fitzgerald, of Springbrook recently sold her general store to Mr. Hiram Mumby.

Word was received here Saturday, that Pte. Irvine Woodbeck, of the Lake Superior Regiment, had been killed in Belgium on October 4th.

Local and Personal

Mrs. Ross Hermliston spent the week-end in Dorchester, visiting her parents, Mr. and Mrs. John Talbot.

Fire of an unknown origin, completely destroyed the large frame barn and entire season's crop owned by Mr. Raymond McConnell, five miles west of Stirling on the Campbell Road on Friday evening. The livestock in the building was saved. Loss was estimated at over \$5,000.

Mount Pleasant United Church was the setting for a pretty wedding Saturday afternoon, October 14th, when Helen Mae, daughter of Mr. and Mrs. William Johnston, 4 Con. Rawdon, was united in marriage to James Ewart Bailey, son of Mr. and Mrs. Ewart Bailey, 2nd Con. Rawdon.

Prince Edward Hastings Liberals Name Cunningham

The Prince Edward-Hastings Liberal Association reaffirmed its faith in the riding's 1968 Liberal standard-bearer Wednesday night by selecting him as their candidate for their next federal election.

Ameliasburg Reeve George Cunningham, 45-year-old father of five, who has been a resident of this district all his life defeated Trenton stockbroker Rae Swansburg for the nomination.

"With your support I have little doubt that I will be elected in the next federal campaign," he said before being selected as the riding's candidate.

Mr. Cunningham stressed that the last campaign — his first federal political venture — was a tremendous exercise in strategy and thanked the association's members for their support.

Stressing improvement of the local association and development of policies on agriculture, industry, youth and small businesses, Mr. Cunningham emphasized that he wouldn't make many policy decisions at present, preferring to reserve the right to have a latitude of choice concerning developments within the next few years prior to the next federal election.

However, he did express his strong support for Prime Minister Trudeau and also the necessity of lowering voting age.

"I feel this riding needs an alternative choice — we've had a conservative MP for so long," stated the Trenton high school teacher after his nomination.

A turnout of some 80-plus Liberal party members was cited by Mr. Cunningham as "excellent" and "better than I expected" for the time of the nomination meeting — much in advance of the next federal election.

Mount Pleasant U.C.W. Fall Frolic

On Tuesday evening, October 7th approximately one hundred and sixty women and girls attended the "Fall Frolic" sponsored by The United Church Women in Mount Pleasant Church Hall. There were guests in attendance from eleven church groups, Marmora, Springbrook, Bethel, West Huntingdon, St. Paul's, St. James, St. John's and St. Andrew's of Stirling Village, Hoards, Burnbrae, English Line.

The Hall was decorated with autumn flowers, Maple leaves and artificial fruit. Special programmes were attractively prepared for the occasion.

The president, Mrs. Burton Sharpe extended a welcome to everyone. Mrs. Mac Sharp was pianist and all sang "Thou Givest All".

Mrs. Marguerite McMullen read The Jubilate Psalm.

Miss Judy McAdam contributed a vocal solo with Miss Linda Potts as accompanist.

The offering was gathered by Mrs. James Hoard, Mrs. Harry McAdam, Mrs. Douglas Pyear and Mrs. Ralph Jeffs and dedicated by the president.

Mrs. Percy MacMullen gave a Sacred Reading which closed the Devotional.

The hilarious Fall Frolic was then staged. There are six groups in the U.C.W. and each have a two month period of responsibility. At this time each group projected their own ideas for the programme which was a secret to all but the president.

The six leaders were — January and February — Mrs. Frank Spencer; March and April — Mrs. Archie Bailey; May and June — Mrs. Donald Johnson; July and August — Mrs. Douglas Pyear; September and October — Mrs. Oscar Merrick; November and December — Mrs. Harry McAdam. Forty-five ladies took part in the various skits so it is impossible to name them all.

During the singing of O Canada the curtain was drawn and revealed the stage set with various items and people representing the provinces of Canada and all sang "This Land is your Land" and "Something to Sing About".

The second group provided music by "The Flapper Girls" all in costume.

Group No. 5 depicted "The Funny

Fashionettes" showing the very latest in Fall attire.

Group Four portrayed "The Ache — In Eeers" Kitchen Band with a large array of noisy instruments which depicted living now from M.P.S.

Group three gave a very realistic T.V. Show "This is Your Life" "The Hillbillies" returned with a round of music and then conducted the assembly singing.

The last group presented a very fashionable Millinery Show, Courtesy of Bradshaws of Stirling, based on styles for Fall 1969.

Each group provided a commentator, musician and other attractions and everyone wore a special costume.

Appreciative thanks was extended to those who had assisted in any way and to all those who came to listen and enjoy the evening.

Following the Queen, a social hour with refreshments closed a very successful Fall Frolic.

Colonel Sanders Ladies' Five Pin Championships

All ladies' leagues bowling on lanes operated by a member of the Bowling Proprietors' Association of Canada were eligible to bowl in the Colonel Sanders' National Five Pin Championships.

The three ladies' leagues at the Stirling Bowl-O-Drome took part in the House Round during the week of October 12th to 18th. Each team in the leagues were given a handicap based on 80 per cent of the difference between a 5 member team's average and 1100. This put all teams on an equal basis to start.

The team to represent Stirling Bowl-O-Drome in the Zone Round on November 2nd at a Bowling House to be announced later is a Merrie Bowlers team which bowls on Wednesday afternoon under the name of the Skylarks with team captain, Marg. Keating and teammates, Leabel Hutcheon, Ruth Glover, Marion Palmer and Ruby Tompkins.

Each League was also bowling for three chicken dinners donated by Colonel Sanders in their league bowling. They were given for hidden scores closest to but no lower 129, 167 and 191. Merrie Bowler winners were Marg. Keating, Kay Jacket and Ruth Glover. Wednesday night Ladies League winners were Kaye Morrell, Dorothy Burns and Roberta Vandewater. Energetic League (Friday afternoon) winners were Eleanor Smith, Irene Hogle and Ericka Schieffer.

Who knows maybe our Stirling team will be Provincial finalists to represent Ontario in the National Finals in Winnipeg, which reads like this: Arrival date, Sunday, December 7th; Shopping and Sight-Seeing, Monday, December 8th (morning); 1st Block Finals, Monday, December 8th (afternoon); Theatre Party, Monday, December 8th (evening); Tour, Tuesday, December 9th (morning); 2nd Block Finals, December 9th (afternoon); Victory Banquet, December 9th (evening); Shopping and Sight-Seeing, Wednesday, December 10th (afternoon); Farewell Dinner, Wednesday, December (evening); Departure date, Thursday, December 11th.

All this is expense free, so come on there, Skylarks. Let's go.

HASTI-AGRI-GRAM

THE FARM NEWS LETTER OF HASTINGS COUNTY

HASTINGS COUNTY HOLSTEIN RECORDS AND AWARDS

W. D. Tipper Agri'l. Representative
The annual banquet of the Holstein Club was held in Madoc on Friday, October 3, 1969, featuring an over-flowing attendance. It started with the recognition department by the presentation to Allan McComb of the Certificate of Recognition for his years of service as Secretary-Treasurer of the Club.

In the cattle recognition department, particular reference should be made to the Premier Breeder and Premier Exhibitor awards which were taken by the McComb herd.

In the production section, top herd was that of Ross Jeffs, Stirling with an average B.C.A. 136.5, made up of 138 for milk and 140 for fat. His averages were 14,352 lbs. milk, 556 lbs. fat, and a test of 3.87. Ray Donnan was in second with a B.C.A. 129.5. The Burkitt herd was third

with 128.5. Fourth was Hudson Ketcheson at 127; and, Ralph Jeffs was fifth at 126.5.

Charles Treverton took the Tam-blyn trophy for the best uddered female in the Black and White Show; McCombs took the Bishop Seeds Breeders Herd trophy. The Grand Champion Cow trophy went to Charles Treverton. Ray Donnan won the Foxboro Co-operative award for the cow with the highest B.C.A. in the county with 193.6.

The top herd awards in production were Goodyear Tire, Belleville, to Ross Jeffs, and Tweed Feed Mill prize to Ray Donnan.

This closes a season where special changes were made in the Hastings County Holstein Club program. The Executives and Directors were pleased to see that they worked it to the total advantage of the club. In particular, recognition was given to the increased number of new exhibitors at the County Black and White Show at Stirling Fair.

MADOC FAIR 4-H SECTION

Ray B. Pender, Extension Assistant

About 90% of the 4-H Calf Club members of Hastings County participated in the open championship calf show. This figure represents 113 out of a possible 126 members. The quality of the Field Crop Club exhibits this year was of good quality. The exhibit included samples of hay, grain and potatoes.

The Hastings County Natural Resources Club, a new venture this year, had a very good display which included write-ups of various topics of interest to the members participating in this club.

Our Homemaking Clubs had a very good display again this year. Each leader and the members of a club are responsible for setting up these displays which are non-competitive.

A new addition to the Hall Exhibit this year was a swine display on the topic of the "New Grading System." The Swine Club members pigs were shipped to Toronto where some special information was obtained from the dressed carcasses. The information used was — rib eye tracings, ham tracings and back fat readings. This information plus pictures of the Swine Club Achievement Day was transposed on a large display backboard.

Twenty-One District Students Graduate From Quinte Secondary

Many Stirling and district residents attended the Quinte Graduation '69 on Saturday evening, in the gymnasium at Quinte Secondary School, Belleville. Twenty-two students of the local area, who had completed their Grade 12 before the Stirling-Rawdon District High School was closed in June, 1968, were transferred to Quinte for their Grade 13 year.

The principal of Quinte, Mr. John Hayman, gave these students special commendation in his Chairman's Remarks. Of the twenty-two, twenty-one succeeded in qualifying for the Secondary School Honour Graduation Diploma; this was one-fifth of the total of 105 students who received this diploma that marks the completion of Grade 13.

Anne Watson, with 90.7%, was the highest student in all of the Belleville Secondary Schools. In recognition of her high standing, Anne received many awards, among which was the Hastings County Board of Education prize for Grade 13.

Of the twelve Ontario Scholarships (\$150) awarded, three were to Stirling students: Cheryl Stapley, Fred Sutherland and Anne Watson.

The Victoria University Alumni Residence Scholarship (\$300) was received by Anne Watson. The McMaster University Scholarship (minimum of \$400 in the first year) was awarded to Cheryl Stapley. Fred Sutherland was given the University of Waterloo Faculty Board Proficiency Award (\$400). The Quinte Secondary School Staff Scholarship to a Grade 13 graduate (\$100) was presented to Anne Watson. Frank Camm and Robert Reynolds were recipients of the Mr. and Mrs. H. G. Lawlor Memorial Scholarships (each \$145) for students from the Stirling area entering Queen's University. The Honourable J. R. Cooke Scholarship (\$50) was awarded to Anne Watson. These latter two awards have been available for many years to graduates of the former Stirling High School, and it is gratifying that they are still available for students of the local area as long as they are applied for.

A new scholarship this year was the Kay Bailey Award. The funds for this annual scholarship came from the donations given at the time of the closing of the Stirling school and in the interval since, and the award was set up by the students to honour Mrs. Kay Bailey. The original trustees of the fund, chosen by the students, were Mrs. Bailey, Wendell Camm, and Barry Turpin. Following Mrs. Bailey's death, Mrs. William McKeown, of Spring Brook, became a trustee. The award will be \$100 a year eventually, but until the funds are sufficient, \$25 is being given. Anne Watson was chosen as the first recipient of this award. By coincidence, she is a student at Victoria College, University of Toronto, which was Mrs. Bailey's alma mater. Mr. Barry Turpin had the honour of making the presentation to Anne and of speaking briefly of the scholarship.

In the prize list for individual subjects, several Stirling students were honoured. Cheryl Stapley received a prize for her work in the field of Canadian History. Frank Camm was the recipient of the Gestner of Canada Ltd. Prize (\$25) for proficiency and contribution in Grade 13 history. Anne Watson received one of the Latin prizes for outstanding marks and contribution in Latin, and the Miss J. Tickell Prize (\$15) for the highest standing in Grade 13 French. Honour crests (for standing of 75% or more in Grade 13) were awarded to Sheila Lightie, Robert Reynolds, Cheryl Stapley, Fred Sutherland, Dick Vreugdenhil, and Anne Watson. There were only twenty of these given for the whole Grade 13 class. It is easy to see why Mr. Hayman spoke especially of the contribution made during the 1968-69 year by the students from the former Stirling-Rawdon District High School.

Secondary School Honour Graduation Diplomas were awarded to Robert Bastedo, Vicki Bateman, Frank Camm, Brenda Campbell, Tim Doran,

Wayne Casselman, who attended high school in Stirling for three years before moving first to Ottawa and then to Belleville, received his Grade 13 diploma, a geography prize (\$25) and the Key Club trophy for the most outstanding boy athlete during the school year 1968-69.

Many residents will wish to congratulate these students who have made use of their talents and have been willing to do the hard work that is necessary for success in school work. Best wishes go out to them as they prepare further to make a contribution in the future.

JOHN'S DAY

I suppose John Holmes, one of our most respected Senior Citizens, has more nice friends than the average man. Now, this is rightly so, for he's a friendly man himself. There were over forty present to wish John a happy anniversary last Thursday. He's somewhere up in the 80's, a good sport and real sharp yet.

John's sister, Annie, and two of Rawdon's nicest girls, Mary and Lois Hoard, served a lovely lunch in honour of his big day. Mary presented a flaming birthday cake and Isabel, her young daughter, stole the show as she assisted in serving. Her contagious smile and pleasing personality caused many who are on a strict diet to take extra helpings. Mrs. Frank Fitzgerald, a close relative of John's from Carrying Place, was present to enjoy it all.

Pres. Fred extended best wishes to John and thanked his friends for including us all in the party.

A teacher asked her first grade class how Noah spent his time on the Ark. As there was no response from the class, she added: "Do you suppose he did a lot of fishing?" "What?", said one little six-year-old, "with only two worms."

115th Anniversary Services Observed By St. Andrew's Presbyterian Church

115th Anniversary Services were held at St. Andrew's Presbyterian Church, Stirling, on Sunday, October 26th. Rev. D. C. MacPherson, of Stirling, was in charge of services with Rev. Floyd R. McPhee, of Trinity Presbyterian Church, Amherstview, giving the address at both morning and evening services.

The choir, under the direction of Mrs. H. A. Morrow, sang the anthem, "A Song of Heavenly Voices", with Mrs. Glen Bennett taking the solo part. Douglas Faulkner and John Rodgers sang a duet, "Take Up Thy Cross".

At the evening service, the anthem was "God Give Me Strength", with Douglas Faulkner taking the solo part.

Rev. McPhee spoke on three levels of Christianity — the sub-student level — this is the practising Christian on Sunday morning only. He doesn't really believe but he goes because it is an accepted practice. Then another level of Christianity is the one who not only goes to church regularly but also takes a small part in the work of the congregation. This type of Christianity won't necessarily last all week, but it soothes the conscience of some. The real and lasting type of Christianity comes from a deep and firm belief in Christ and a desire to be

Ice Plant Turned On At Arena

The ice-making plant at the Stirling Arena was turned on for the winter season on Saturday afternoon of last week. It is the hope of the Arena Committee to have the Arena in operation in the near future. Mr. Allan McDonnell has again been engaged as caretaker of the Arena.

Christening

Sunday, October 26th, Scott Douglas Chapman, son of Mr. and Mrs. Richard Chapman was baptized in Trinity United Church, Madoc, by Rev. Heard. A buffet dinner was served by Mrs. Clarence Douglas, in Stirling, to the godparents, Mr. and Mrs. Robert Bush; Mr. and Mrs. Richard Chapman, Mr. and Mrs. Gordon Chapman, Mr. and Mrs. Marvyn Scott and family, Mr. and Mrs. Jack Douglas and family, Mr. and Mrs. Harold Douglas and Mrs. Gladys Latchford, of Peterboro.

"Story Hour" At Public Library

"Story Hour" for children, from Kindergarten to Grade 3, will begin again next Saturday afternoon, November 1st, at 2 p.m., for the winter season, with new stories and old favourites, too. Films for older boys and girls will begin on the following Friday night, November 7th, at 7.30 p.m.

Some new titles on the adult fiction shelves are: "Cargo of Eagles", by Margery Allingham, a novel of suspense by this internationally famous writer; "Who Is Lewis Pinder", by L. P. Davies, and "Pendulum", by John Christopher, ventures into the bizarre "not quite present" world, yet horrifyingly possible. Something to Hide", by Nicholas Monsarrat, and "Money for the Taking", by Doris Miles Disney are stories of crime and retribution, and "Hunter's Green", by Phyllis Whitney, is another story by this popular writer.

For a change of pace readers will be delighted with "The Groucho Letters" — witty, wry and spontaneous letters to and from many famous personages, as well as others known to us only through the eyes and pen of the one and only Groucho Marx.

Young people will be interested in "The Beatles", the authorized biography by Hunter Davies of these leaders of the youth culture of today.

More titles will be available later — until then, Happy Reading!

Merrie Bowlers

High single, Ruth Glover 245; high triple and average, Barb Noble, 620 and 191.

Games over 200 — Ruth Glover 245 and 236; Linda Barrows 212; Marie Morton 208; Barb Noble 205.

Moonshiners and Skylarks each won three games for seven points.

Like Him always. This is the Christianity that lasts forever and can only come from a total change of thought or rebirth in Christ.

At the evening service, Rev. McPhee invited all to join the revolution. The revolution of love that was started many years ago by a poor, obscure Galilean. Not the "if" kind of love, such as, "If you do what I want I will love you" or the "because" kind of love, such as, "Because you do things for me I love you", but the kind of love that God has shown through his gift of a Son. He loves us in spite of what we do, in spite of the wars we make, in spite of the mistrust of our neighbours and other church members, and in spite of our rebellious nature. Rev. McPhee said: "If you have not accepted this type of love from God then do so soon — It will change your life."

Your Local Representative

Do You Remember?— TWENTY-FIVE YEARS AGO —
ISSUE OCT. 26th, 1944

Harold C. Bird, of Belleville, who recently purchased the Superior Grocery Store from N. E. Eggleston, took possession yesterday.

Geo. S. White, M.P., was chosen as Progressive Conservative candidate in the next federal election for the riding of Hastings-Peterborough, at a convention held in Marmora.

Local and Personal

Sgt. Don Francis, R.C.A.F., of Mont Joli, Que., is spending a furlough at his home here.

Glen Morrow, River Valley, underwent an operation for appendicitis in Belleville Hospital on Monday.

Mr. Carl Potter, of Peterborough, spent the week end at his home here.

Doug Patterson, R.C.N.V.R., St. Hyacinthe, Que., was a week end guest of his parents, Mr. and Mrs. R. A. Patterson.

Five Municipalities Study Area Planning

A first step toward the adoption of area planning or possibly even the formation of a Quinte area or metro type government was taken recently in Belleville.

The action came at a meeting of elected representatives and officials from the five area municipalities of Belleville, Trenton, Ameliasburg, Sidney and Thurlow.

Called at the suggestion of Belle-

ville City Council, the meeting was intended primarily to discuss planning but discussions widened out to include talks on regional government, the consensus being that some sort of area government was of primary importance.

The meeting voted unanimously to further consider area planning and regional government and endorsed the appointment of a special sub-committee.

Municipal clerks in the five municipalities, along with Belleville City Manager J. R. Reynolds and Planning Director Bert Kenny will provide statistical information to the committee which will meet to further discuss what sort of a proposal might be presented to Queen's Park for approval.

Getting the meeting underway, Belleville Mayor J. Russell Scott said it was imperative that area municipalities take a look at over-all planning for themselves rather than have it forced on them by minister-

ial prerogative.

At the same time, Sidney Reeve Jack Bush and Thurlow Reeve Horace Casey indicated they were not completely satisfied with the operation of the Belleville and Suburban Planning Board which included parts of their municipalities.

They claimed that board discussions for the most part centred on topics in which their municipalities had no interest.

Reeve Casey maintained that planning and services must go together and that there was no point in planning until it was known where services were to come from.

The Thurlow reeve admitted his council was a "little" disturbed by Belleville turning down the township's request for water service to the proposed Holiday Inn north of Highway 401.

"I don't blame the city — it can't sell water it hasn't got — but at the same time it does not take much sense to understand that it doesn't take more water to service a development outside the city than it does inside."

He felt area municipalities should be co-operative with one another.

Sidney Reeve Jack Bush said he was in favor of some sort of a two-tier area planning board. The senior body could look after over-all planning while the local body could deal with zoning and other such matters.

Mr. Kenny pointed out, however, that the overall planning body would have to be answerable to some government body.

"If the present three municipality planning body doesn't work, how do you expect one with five municipalities to work?" he asked.

Trenton Mayor James Macdonald felt that planning for some reason was a dirty word and usually caused dissension.

He suggested a feasibility study be conducted by experts in the field to come up with recommendations on what was needed in the area.

"There are problems which affect municipalities as a group, but also problems which affect each municipality individually," he said.

Belleville Alderman Enos David felt services should be provided on a regional basis and that some kind of a Quinte area metropolitan government was needed.

"It should be amalgamation, not annexation," he said.

Alderman Arthur Keegan favored amalgamation for some kind of regional government with a two-tier planning board.

But Thurlow's Reeve Casey and Deputy-Reeve Borden Forsythe wanted no part of amalgamation which they claimed would be the same as annexation.

"If we had a metro type government it would solve the planning problem," Mr. Forsythe said.

City Manager J. R. Reynolds said, however, that the only solution was annexation.

He cited the case of London Township where services had been extended from London city and then had to be annexed because the municipality could not pay.

"My vision here is regional government . . . you have to take into consideration what is best for the area," he said.

Mr. Reynolds envisioned a regional government taking in parts of Hastings, Northumberland and Lennox and Addington.

He agreed with Planning Director Kenny that an area planning board must be answerable to a regional government.

Mayor Macdonald interjected to say that what the meeting was really talking about was regional government.

It may be five years away, but it is coming, he said.

Reeve Bush suggested the nucleus of a metro type government taking in Belleville, Trenton, Sidney and Thurlow, but Mayor Scott said Queen's Park was thinking of a much larger region, extending possibly from Cobourg to Kingston.

Trenton Clerk - Comptroller O. W. Larry said it was encouraging to see municipal representatives sitting down to discuss their problems when only 10 years ago they were far apart.

"The important thing is that we are communicating," he said. Township clerks, Earl Dufoe, of Thurlow, William Nightingale of Ameliasburg, and Brian Harder of Sidney, spoke of the need for municipal co-operation.

Belleville Alderman Mrs. Robin Jeffrey recommended a preamble indicating unanimity by the meeting in the feeling that something be done to solve area problems.

Stirling Couple
Wed 50 Years

On Monday, October 13th, 1969, the 50th Wedding Anniversary of Mr. and Mrs. Clifford Elliott, of 213 Front St., Stirling, Ont., was celebrated with a Thanksgiving turkey dinner at the Maple Inn, Bloomfield, with fifty members of the family in attendance. Bronze 'mums', autumn fruit and the three-tiered anniversary cake, with golden bells atop it, graced the tables.

Mr. Reginald Elliott, only son of the honoured couple, was master of ceremonies, and after the singing of grace and partaking of the sumptuous dinner, remarks were heard from Mrs. Fred Elliott, brother of the groom, from Mr. George Saries, brother of the bride, and from the bridesmaid of fifty years ago, Mrs. Henry Burrell, a sister of the bride. Mr. and Mrs. Elliott each voiced their appreciation to their family for this lovely gesture from them on their behalf.

Open House was held at their home in Stirling during the afternoon, from 3 to 5, and in the evening from 7 to 9, when friends from Hamilton, Paris, Toronto, Picton, Plainfield, Foxboro, Belleville, Foxboro, Kingston, Sudbury, Frankford, Edwardsburg and the surrounding district called to congratulate them.

Stephen Flood and David Wilson, grandsons, were in charge of the guest book in which 185 signed their names.

The bride of fifty years ago wore a 2-piece dress of blue puffed brocade with a corsage of baby 'mums' sprayed with gold.

The rooms were tastefully decorated with gold and white streamers and bells and with bronze 'mums', a gift of the immediate neighbours.

Pouring tea and coffee during the afternoon and evening, from a lace covered table centred with the anniversary cake with silver tea services and candelabra with golden candles at each end were sisters-in-law of the couple, Mrs. S. J. Elliott, Mrs. Simon Elliott, Mrs. Fred Elliott, Mrs. Thomas Elliott, Mrs. Nelson Saries, Mrs. Geo. Saries, Mrs. Mac Saries, Mrs. Thomas Saries and a sister of the bride, Mrs. Clarence McGee. In the evening, two of the married granddaughters also poured, Mrs. Bob Prudhomme, of Belleville, and Mrs. John McDonald, of Kingston.

MANDER -- BAILEY WEDDING

MR. AND MRS. MURRAY ALBERT MANDER

Spring Brook United Church was the scene of a double-ring ceremony at 12 noon, on Saturday, October 4, 1969, when Marilyn Joy Bailey daughter of Mr. and Mrs. Lorne Bailey, Harold, became the bride of Murray Albert Mander, son of Mr. and Mrs. Albert Mander, Peterborough.

Officiating at the ceremony was Rev. W. C. Cox. Rendering appropriate nuptial selections was Mrs. George Williams, who accompanied the Misses Jewel Bailey, Margie Bateman and Marlene Shortt.

The bride, given in marriage by

her father, wore a full gown of pure silk organza with the bodice and tulle-point sleeves in Chantilly lace. The A-line skirt and train were enhanced with appliques of Chantilly lace; from the shoulders flowed a chapel train. Her headpiece was a four-tier veil, which was held in place with a Spanish comb of seed pearls. She carried a cascade of red Sweetheart roses.

Matron of honour was Mrs. Linda (Ted) Trotter, Bonarlaw, sister of the bride, who was attired in a floor length dress of mauve Chantilly lace over taffeta, featuring Empire waistline, outlined with peau de soie. The neckline and long, slim sleeves were finished with a double pleated frill of pure silk chiffon. She wore a matching floral headdress and carried a cascade of mauve and yellow 'mums, pink and blue carnations, centred with a red rose.

The bridesmaids were Miss Bonnie Danford, Peterborough, and Miss Dianne Johnson, Peterborough, wearing dresses in yellow and blue respectively. They carried cascades of flowers similar to the matron of honour.

The flower girls were the Misses Judith and Nancy Armstrong, nieces of the bridegroom, of Petawawa, wearing pink dresses similar to the matron of honour and carrying baskets of similar flowers.

Best man for the ceremony was Terrance Armstrong, brother-in-law

of the groom, of Petawawa. Ushers were George Bailey, of Harold, brother of the bride, and Ted Trotter, Bonarlaw, brother-in-law of the bride.

For the wedding reception, held in the I.O.O.F. Temple, Stirling, the mother of the bride received the guests wearing a purple ensemble, featuring a long sleeved coat and matching dress. Highlighting the outfit was a heavily jewelled cowl collar with matching feathered hat, black accessories and a corsage of pink carnations. Assisting her was the groom's sister, wearing a gold, laminated dress, with silver flecks, with pillbox hat, brown accessories and a corsage of white carnations.

For the wedding trip to Northern Ontario, the bride donned a dress and coat of blue French brocade, complemented by a white brocade hat and a corsage of white carnations.

Upon their return, the couple will live at 724 Crawford Place, Peterborough.

Out-of-town guests were present from Petawawa, Peterborough, Toronto, Smiths Falls, Belleville, Bancroft, Stirling, Marmora, Trenton, Brighton, Batawa, Spring Brook and Harold.

St. Andrew's Tea and Bazaar

The ladies of St. Andrew's Presbyterian Church, Stirling, held a very gratifying tea and bazaar on Friday, October 17th.

Containers of fall flowers decorated the basement of the Church for the occasion.

The tea tables were very dainty, covered with cloths of fall colours, centred with small bouquets. Muffins, cheese and tea, served, proved very tasty.

There were several tables of saleable articles, one of wearing apparel, consisting of mitts, children's clothing and a profuse display of aprons; a touch and take table; one of articles just handy to have around the

house; one of garden vegetables, eggs, jars of pickles and relishes and a table of baking consisting of practically all varieties of goodies.

There were ladies attending from local groups, closely surrounding organizations, Tweed, Madoc, Belleville, Campbellford, Burnbrae, Trenton, Hoard's and Stockdale.

86th Anniversary St. Andrew's

The 86th Anniversary Service of St. Andrew's Presbyterian Church, West Huntingdon was observed by a large congregation of members and visitors on Sunday, October 19th at 11 a.m. The guest minister was Rev. Stanley Gentle, B.A., B.D. of St. Columba Presbyterian Church, Belle-

ville. As Moderator of Kingston Presbytery, he brought greetings, and chose his text from Matthew 16: 18, "Upon this rock I will build my church," and as a theme, "The Blessings of the Church."

Christ is the Master Builder and we are called to be labourers with him. We cannot all work in the same way. Each person knows his own talents, but the grace of Jesus Christ never fails. We are living in an unsettled world. Man cannot live by bread alone. The world needs the influence of the church in order to give it a certain atmosphere. When we are brought within the walls of a church building, we know the burden of life has been lifted for a little while. The church offers spiritual rest which is so necessary and every church ought to be able to convey.

The Intermediate Girls' Choir under the direction of Mrs. Lindsay Sills sang, "He Will Work Wonders for You." Mr. Robert Daeoe of Foxboro sang, "The Voice in the Wilderness," and "Sing Unto the Lord a New Song."

Baskets of beautiful autumn flowers adorned the front of the church. The congregation was honoured to have Rev. and Mrs. W. H. V. Walker, a former minister and his wife, worshipping with them.

Bonarlaw

(Mrs. Arthur Burkitt)

Mr. and Mrs. Earl Haslett and family, Toronto were weekend guests with Mr. and Mrs. Harry Haslett.

Mr. and Mrs. Alvie Heath, attended the wedding of his brother in Rochester on the weekend.

Mr. and Mrs. Everett Heath, spent the weekend with Mr. and Mrs. Russell Heath, Rochester and attended their son's wedding.

Horticultural Society October Meeting

On Monday evening, the Stirling Horticultural Society was welcomed by Mrs. Frank Harding into the St. John's Anglican Church Hall, for the October meeting. Mrs. Armstrong opened with The Lord's Prayer, in unison.

The minutes and correspondence were given by the secretary, Mrs. Raymond McConnell.

The report was given of the District Annual meeting which was held at Kingston; also the Flower Show day; the books of the Provincial Convention, which was held at Hamilton have been compiled and are ready for reading; also a new revised judging book was shown.

Mrs. Grant Hubble has paid up all bills to date and there is a bank balance of \$522.80.

Mrs. Harry Waite is busy sending out and receiving thanks for the thoughtful remembrances.

Mrs. Carman Nix reported on the successful, as well as enjoyable bus trips she and Mrs. McConnell have arranged. Another bus trip is being planned to go to the Royal Winter Fair on Monday, November 17th, and stay for the evening horse show.

The President called for help in the cleaning up of the flower beds and the taking in of tables, benches and the boxes on the bridge. The prize list for next year will also be revised for next year.

Mrs. Oscar Merrick invited the Society to her home for the November meeting, which will be held a week earlier than usual.

Mrs. James Rodgers (Louise Harding) showed slides of Scotland, Ireland, Switzerland, Italy, and Australia. All were very beautiful and Louise gave the history of each place in story form, which added greatly to the interest.

Mrs. John Morgan gave the members a surprise and passed around a box of fresh raspberries from their garden. The following night, the bushes were laden with snow instead of berries.

Lunch was served by the Harding family and thanks was expressed by Mrs. Merrick to Louise for the lovely slides shown and to the hostess for the tasty lunch.

Friday Night Mixed Bowling League

On September 26th, the Friday Night Mixed Bowling League started another season of bowling. Officers for the year are: President, Maurice Faulkner; Secretary, Verna Woodbeck; Treasurer, Doug. Seac.

All teams are complete with captains and team names as follows: Rosa Spry, The Jets; Harold Morgan, The Swingers; Barry Wilson, Hot Shots; John Reichert, The Flyers.

Team Standings are — Jets 15; Swingers 15, Hot Shots 16, Flyers 24. So far, Verna Woodbeck holds the high average for the women, at 210, and Ray Poste for the men at 226. This week Rosa Spry took the high triple for the ladies of 696 and single of 321, while Maurice Faulkner followed right along with high triple for the men of 728 and single of 316.

Up-to-date there have been some good games bowled. Ralph Park rolled a high 374 single and a 791 triple. Other good games are Maurice Faulkner 272, Doug Seac 245, John Reichert 268, Robert Sararas 277, Daisy Corbett 255, Ralph Seac 278, Barry Wilson 289, Hilda Rose 244 and Ivy Poste 232. Last week Bob Corbett rolled three good games to take the high triple for the week of 676.

The Secretary begs to be forgiven for being neglectful in not putting the bowling report in the paper, but will try to do better in the future.

Space would not permit me to put all of the 200 scores in the paper that have been bowled since we started, so don't be disappointed if your name has not appeared this week. Just bowl a good game and it will be in the next time.

SIGN on the gate to a nudist camp: "Clothed for the winter."
